KENTUCKY METHODS LIKE ABE REUFF'S, SAYS HENEY

But Committee by Vote of 38 to 11 Gives Delegates from Blue Grass State to President Taft.

Chicago, June 11.—By seating the four delegates at large and the delegates from the First, Second and Fourth Kentucky districts all credited to President Taft, the republican national committee today added ten votes to the temporary roll call of the convention in favor of the president. Only two of the seats at large were contested.

In the First district the vote was 46 to 0 against the Roosevelt contestants. In the Second district it was also unanimous, and in the Fourth district the contest was withdrawn, seating the Taft men.

Total for Taft Now 92.

The Taft delegates at large seated by the committee are Senator W. O. Bradley, James Breathitt, W. D. Cochran and J. E. Wood. Only two of the seats at large were contested, the unseated Roosevelt delegates being Ed Corrar and Leslie Combs.

With these three districts and the delegates at large decided in the president's favor the number of contested seats determined for him since the committee began its deliberations reaches 92.

Francis J. Heney, of San Francisco, leaped into the heat of the political fray and strenuously endeavored to inject pepper into the Roosevelt fight.

Abe Reuff Practices.

He characterized the conditions in Kentucky as similar to the former chaotic political situation in California and referred to some of the Kentucky political acts as comparable to acts of Abe Reuff, of San Francisco. Mr. Heney drew a sharp protest from Senator Penrose.

Judge Ed C. O'Rear, of Frankfort, who had charge of the arguments for the Roosevelt forces, frequently admitted that some of the points advanced were not very strong, and Senator Borah, of the Roosevelt wing, declared he thought the contestants were not entitled to their seats.

Though some of the members of the committee asked for more time to consider the evidence a roll call demanded by the Taft leaders resulted in seating the regular delegates at large by a vote of 38 to 11.

May Hold Night Sessions.

The time consumed in the presentation of the Indiana contests before the national committee yesterday made it a question this morning whether more than the Kentucky contests could be finished up today. Unless the Kentucky and Louisiana cases can be cleared up, it is probable the committee will be forced into night sessions to dispose of the many contests before the convention meets a week from today.

Eighteen contest delegates from Kentucky held the right of way when the committee began today's work. Four delegates at large and two each from the first, second, fourth, seventh, eighth, tenth and eleventh districts, were concerned in the contests which were to be heard during the day. The Taft delegation at large was headed by Senator W. O. Bradley. To present the cases to the national committee the Taft force had drawn into the argument W. D. Cochran, P. Morrow and C. A. Stall, all of Kentucky. The Roosevelt faction was represented by E. C. O'Rear, Justice of the Supreme Court Leslie Cooms and Henry F. Duncan.

Louisiana Was Waiting.

It was hoped early in the day that the case of the Kentucky delegates could be disposed of by the middle of the afternoon and the Louisiana cases taken up and at least partly disposed of. National Committeeman Pearl Wight, of Louisiana, was prepared for the presentation of the latter cases, in which practically all of the state's delegates are contested.

The Louisiana case presented a complication similar to that in Florida, three delegates appearing before the committee to contest for the seats. Committeeman Wight's support was with the "Suthon delegation" instructed for Roosevelt. The Kentucky Roosevelt contestants for the places of delegates at large were only two in number, although the state is entitled to four seats at large in the national convention. The Taft faction has named a complete set of delegates, but the names of E. C. O'Rear and Leslie Cooms were all that appeared on the roll as Roosevelt contestants.

Protests by Telegraph.

A telegram from Senator W. O. Bradley at Washington, one of the contested Taft delegates, was read by Secretary Hayward. Secretary Bradley declared the Roosevelt contest should not be considered by the national committee because the notice of contest and the Roosevelt credentials had not been filed within the allotted time.

Secretary Hayward informed the committee that the Bradley credentials had been filed May 2 and the O'Rear or Roosevelt notice of contest was filed May 29, the last permissible day.

"The contest notice or protest was filed within the specified time," said Secretary Hayward, "but no credentials were

FAIRBANKS FOR RESOLUTIONS HEAD.

Chicago, June 11.—According to statements by Taft leaders, it was tentatively agreed today that Charles W. Fairbanks, of Indiana, will be chairman of the resolutions committee in the republican national convention; Thomas H. Devine, of Colorado, chairman of the credentials committee, and United States Senator Newell Sanders, of Tennessee, will be chairman of the committee on rules.

COUSINS GO TO PRISON FOR LIFE

Broom and Ellison Enter Pleas of Guilty in Marion Court.

ESCAPE THE NOOSE

Marion, Ind., June 11.—Ralph Broom, 28, and W. O. Ellison, 24, cousins, today were sentenced by Judge Paulus to life imprisonment in the state penitentiary for the murder of Wade Robinson, a merchant, at Landessville last December. The men pleaded guilty to first degree murder several days ago and when brought forth for sentences today said they wished to leave their fate in the hands of the judge.

Judge Paulus, in passing sentence, said if the case had been left to a jury Broom and Ellison probably would have forfeited their lives and he made the sentence life imprisonment with the understanding that under no circumstances, so far as he was concerned, would the prisoners ever be released.

The men were arrested in North Dakota. For a time each insisted that the other fired the shot that killed Robinson, but later Broom admitted that he killed the merchant while the two were trying to rob his store.

FINES ROAD $42,000; COAL CONCERN, $20,000.

Toledo, Ohio, June 11.—Judge John M. Killetts, in the United States district court, this afternoon announced a fine of $42,000 upon the Hocking Valley Railroad company and a fine of $20,000 upon the Sunday Creek company, a coal concern, of Columbus, Ohio, for violation of the Hepburn law relative to rebating.

Can He Endure It Much Longer?

CONGRESSMAN IS KILLED BY TRAIN

Wife of Mr. Wickliffe in House Gallery as Sad News is Broken.

WAS LOUISIANA MAN

Washington, June 11.—Representative Robert C. Wickliffe of Louisiana, was run down on the tracks of the Southern railway in Potomac park today and instantly killed.

He had left the capitol yesterday to be away today on a fishing trip. How he happened to stray on the railroad tracks has not been cleared up. The engineer of the train said he saw the congressman too lat to avoid the accident.

News of the tragic death of the prominent southern representative traveled fast but did not reach Mrs. Wickliffe before she had started for the capitol, as was her daily custom to watch the proceedings of the house. The body was about to adjourn out of respect to the memory of Mr. Wickliffe when several members happened to catch a glimpse om his wife in the gallery.

There was a hurried conference. Representative Estopinal of Louisiana, and Culp of Indiana made their way quietly to where Mrs. Wickliffe was sitting and invited her down stairs to Speaker Clark's office. There as gently as they could they broke the news to her. Mrs. Wickliffe fainted. Later she cried to be taken home. Mrs. Champ Clark, a close friend, was quickly summoned.

Immediately after she was seen to leave the gallery the house adjourned at 11:50 a. m. until tomorrow. Memorial services will be held later in the session.

BARNES ON THE JOB AT CHICAGO

New York Leader's Arrival Cheers Up the Taft Cohorts.

WILL BE BIG CHIEF

Chicago, June 11.—William Barnes, jr., chairman of the New York republican state central committee and delegate-at-large, arrived today and immediately went into conference with Senator Crane, of Massachusetts; Senator Newell Sanders, of Tennessee; Lafayette B. Gleason, of New York, and other leaders of the Taft forces.

Mr. Barnes is looked upon as the probable floor leader and there is said to be likelihood that he will take part in the deliberatons of the national committee on the contested delegates. He declared that his principal business at this time was to aid in the confirmation of Senator Root, of New York, as temporary chairman of the republican national convention.

"Practically all the ninety New York delegates will vote for Senator Root," said Mr. Barnes. "And I have no doubt he will be elected."

GET NO CLUE IN MURDER MYSTERY

Bloodhounds Seek Slayer of Eight in Home at Villisca, Iowa.

LIKE ANOTHER CASE

Villisca, Iowa, June 11.—As yet no positive clews have been brought to light by the work of the detectives in Sunday night's murder case, wherein Joseph Moore and seven others met death. The bloodhounds which followed a trail from the Moore home to the river yesterday, losing it soon afterward, were again used today.

A detective working on this case also helped in the investigation of the mysterious wholesale murder at Ellsworth, Kan. He notes several points of similarity in the two cases. One of these is the use of a kerosene lamp. In each case one was found burning in the room where the crime was committed. Bloody finger prints of the Ellsworth murderer have been preserved and will be compared by experts with those in the Villisca case. It was planned to hold the funeral of the eight victims this afternoon.

The only thing found during the trail of bloodhounds this morning was a bloody handkerchief. The officers do not regard the find as valuable in the work of unraveling the mystery.

The county attorney has sent for Warden McClaughry, of the federal prison at Fort Leavenworth, Kan., who is a fingerprint expert. He is expected here today. Word comes from Newmarket, about fifteen miles southeast of here, that two strange men who were there when the news of the tragedy reached that place, left in the direction of Clarinda.

Orders for their arrest have been sent to the latter place, but nothing further has been heard.

CANDIDATES ARE IN A PRETTY FIX

Prohi Nominees Appeal to Prevent Criminal Action.

THEY FAILED TO FILE

Columbus, Ind., June 11.—Every candidate for office on the prohibition ticket in Bartholomew county failed to file statements with the county clerk showing the amount of money they spent in being nominated, until after the time fixed by law had elapsed.

They are now conferring with the prosecuting attorney urging him to refrain from bringing criminal actions against them. The prohibitionists held a mass convention April 2 and nominated a county ticket.

The corrupt practices act provides that all candidates shall file a statement with the county clerk within thirty days showing the amount of money spent in their campaigns of these statements are not filed the clerk is required to certify the names of the candidates to the prosecuting attorney within ten days after the thirty days' limit expires and within 15 days from that time the prosecuting attorney is required to start criminal proceedings. The law provides that the lowest fine for a violation of this section shall be $300, to which may be added imprisonment for not more than one year. The fine may be as high as $1,000.

DEFENSE DID NOT QUESTION COONEY

Gives Prosecution Big Surprise in Darrow Hearing.

RULING IS LAMENTED

Los Angeles, June 11.—The defense in the trial of Clarence S. Darrow for alleged jury bribery, sprung a surprise today, by declining to cross-examine Patrick J. Cooney, of Chicago, the McNamara defense "investigator."

Cooney's place on the witness stand was taken by Keene Fitzpatrick, another former employe of the McNamara defense.

Members of the defense made no effort to disguise their impression as a result of the ruling by Judge Hutton, yesterday, the result of which would be to open the doors of all sorts of evidence which would tend to show that the defendent and his assistants in the McNamara defense had been guilty of wholesale corruption of witnesses as well as jurors, during the pendancy of the McNamara case as charged by the prosecution. Mr. Darrow expressed disappointment at the court's decision. "Under this ruling," he said, "I might be called upon to defend myself in almost any part of the country."

Fitzpatrick testified to having accompanied Bert H. Franklin on one of the

FACING GALLOWS, FATHER TRIES TO KILL DAUGHTER

Fiend is Hanged Without Expression of Regret for Attack on Girl Who Came to Say Good Bye.

Washington, Pa., June 11.—With but a few hours to live, Jan Ribarik, condemned to die on the gallows today attempted to add another to the list of his victims by trying to strangle his daughter when she appeared at his cell to bid him good-bye.

Antonia Ribarik was a witness against her father at the trial and it is said her testimony was most damagaing to her father's case.

Ribarik had threatened to kill her before he was hanged, but a week ago apparently became reconciled to her. This morning she went to see her father and as she stepped forward to kiss him he grasped her by the throat with both hands and was strangling her when guards beat him unconscious with an iron bar.

Later he was led to the gallows and hanged without expression of regret for his crimes or his assault upon his daughter.

Ribarik was executed for the murder of Mr. and Mrs. Novak and Stephen Stanvoji, a boarder, during a quarrel caused by the Novaks sheltering Antonia Ribarik when her father turned her out of the house.

GOV. MARSHALL ON BOY PROBLEM

Will Address Federated Boys' Clubs Meeting at Cleveland.

CHARITIES WORK ON

Cleveland, Ohio, June 11.—Cleveland today became the center of the world which is interested in charities and correction. The national conference on education of backward, truant, delinquent and dependent children and the national conference of Jewish charities which had been in session since Sunday evening engaged in their most important riscussions. The National Probation Officers association and the Federated boys' clubs convened.

Hundreds of delegates to the 39th national conference of charities and corrections arrived for the opening meeting tonight. At the last named meeting Mayor Newton D. Baker of Cleveland, and Governor Harmon are scheduled to deliver addresses of welcome.

The national charities and correction will be in session until June 19. Among the prominent speakers who will deliver addresses are H. C. Bowman, chairman of the state board of control of Kansas; Edwin J. Cooley, probation officer of the supreme and county courts of Buffalo, N. Y.; Judge Julian W. Mack, president of the National Conference and Charities and Correction; Cyrus L. Sulzberger of New York, Wilbur C. Phillips of Milwaukee and George D. Chamberlain.

Governor Marshall of Indiana will address the federated boys' clubs tonight on "The Boy Problem."

THING HAS GOT THIS INDIANA MAN GOING.

Chicago, June 11.—Police Captain Halpin today assigned detectives to guard the local Roosevelt campaign headquarters and watch for a man reported to be on his way from Terre Haute, Ind., who is said to be suffering from a hallucination that he has been appointed Col. Roosevelt's campaign manager.

Chief of Police E. S. Fasig, of Terre Haute, telegraphed a description of the man to the Chicago police.

DIXON CALLS ON LOCAL SUPPORT

Geake and Stults Summoned to Help Roosevelt Forces.

MUST ACT QUICKLY

Will C. Geake and Austin W. Stults of this city, have been summoned to Chicago to assist in organizing the Roosevelt forces there, and both have been instructed to make no delay, but to report to Senator J. W. Dixon not later than Wednesday morning. Telegrams urging them to come were sent by Mr. Dixon, who also called for the assistance of Louis N. Litman, of Lagrange, Twelfth district manager of the Roosevelt crowd. Mr. Litman left for the windy city Monday afternoon. Mr. Geake has cared for the interests of the Oyster Bay colonel in the county ever since the first guns in the factional battle were sounded, and Mr. Stults is one of the district electors, selected at the Auburn convention.

Mr. Stults plans to go to Chicago immediately, but Mr. Geake has made previous engagements and it is likely that he cannot be of assistance to the Roosevelt leaders until after Friday, on which date he has agreed to institute a Masonic blue lodge at Bryant, Ind. He declared this morning, however, that the appeal for help may be made so urgent that it will be necessary for him to cancel his engagement at Bryant.

"The Taft forces only took such action yesterday as has been expected by the Roosevelt men," states Mr. Geake. "All the Roosevelt contests will go to Taft, and vice versa. We expect a warm time and the fun is just starting. If all the contests go to Taft he will still have to pick up additional support before he can hope to secure the nomination."

Allen J. Vesey, republican district chairman, is at Mobile, Ala., and will not return to Fort Wayne until late this week.

FIFTY-NINE BURN TO DEATH.

St. Petersburg, June 11.—Fifty-nine field laborers were burned to death early this morning while asleep in a barn near Tamboy, central Russia, on a property belonging to Count Oreloff Dvaudoff. The origin of the fire is not known.

Merit is Recognized

J. W. RUNYAN, manager of the insurance and safety departments of S. F. Bowser & Co., takes a good deal of pride in the appearance of the grounds at his home, 2528 Hoagland avenue, and he isn't averse to exerting himself to keep the place looking beautiful.

"It adds to the value of the place besides," he says, "and the exercise is good for a man of sedentary occupation."

The other Saturday Mr. Runyan, with the assistance of "George," a man who does all sorts of odd jobs for the south siders, spent several hours in sleeking up the front and back yard, and when it was all over he came into the house through the cellar entrance where he left the rake and the lawn mower before passing on into the kitchen.

"Thank goodness, that's done for a while," said he as he lowered his weary frame into the nearest chair.

"I guess you must have worked pretty hard," observed Mrs. Runyan, "because——"

"Well, I should say I have."

"Because," continued Mrs. Runyan, "I got a telephone call a few minutes ago from parties wanting to hire you to do some work for them. They said you seemed to take an interest in things, and——"

"Who? Me? Wanted to hire me? No, they must have meant George," responded Mr. Runyan, somewhat ruffled at the idea of being mistaken for a man of all work.

"No," replied Mrs. Runyan. "I thought so myself, but they said no, they meant the chubby man with the gray hair."

"Well, confound—who was it?"

"I didn't get the name," said Mrs. Runyan, "but they said they were new neighbors living further south on Hoagland avenue and had observed your work as they passed."

"Who? Me?"

Without another word, but with a look of extreme disgust, Mr. Runyan went away to change his clothes.

For a long time after that, a knowing smile stayed on the face of Mrs. Runyan, excepting when her husband was around, at which times she endeavored to look as serious about it as he did; but finally it was necessary to confess to him that it was all a made-up story.

"And I think it was a real mean one," commented Mr. Runyan.

Although the little gardeners at the James H. ALL ARE PLACED IN TAFT COLUMN

Committee Makes Clean Sweep of Indiana Contests.

WAR IN THIRTEENTH

Chicago, June 11.—Following its decision yesterday giving the contested delegates-at-large from Indiana to President Taft, the republican national committee made a clean sweep of it, placing the delegates from the First, Third, Fourth and Thirteenth Indiana districts also in the president's list.

The contest in the Fourth district was withdrawn, and the real fight of the day in the committee came over the seating of two Taft delegates from the Thirteenth, or South Bend district. Attempts of the Roosevelt attorneys to introduce certain affidavits declared by them to bear the signatures of a majority of the delegates to the district convention at Warsaw, at which the Taft delegates were chosen, percipitated the only sensational interchange of the day and occasioned a sudden reversal of the committee's vote which was not explained to the satisfaction of the Roosevelt men.

Says Taft Crowd is Scared.

Senator Borah taunted the Taft men about it, telling them they changed front because they were scared.

"The worst scared lot of men I ever saw," he said. "What has happened? Whom have you to consult? What has come over you? Whence came this revelation?" he demanded.

The Taft men denied that they were scared or that any special light had broken in upon them; they insisted that their first vote against admitting the affidavits was because of their desire not to delay the hearings by the necessity of giving the Taft side an opportunity to answer them or to create a precedent which would be embarrasing in later cases. Their reversal of the vote was coupled with a specific declaration that it was not to be regarded as a precedent. In this form the Roosevelt men all voted against it.

So the committee heard the affidavit, with verbal testimony in contravention of their allegations and then voted to seat the Taft delegates. The vote, 36 to 14, represents what has been the lineup between the factions since the committee came together.

Take Up Thirteenth.

With the disputed affidavits before it, the committee began again its consideration of the Thirteenth Indiana district. Horace G. Stillwell presented the affidavits, signed by what he claimed was a majority of the delegates to the district convention to show they had not voted for Taft delegates, who were declared elected.

Mr. Stillwell said there was general acquiescence in the selection of Chairman Graham by the vote of 71¼ to 70¾, but he declared three men who voted for Graham would not have voted for the Taft delegates.

Members of the committee demanded of Mr. Stillwell to know whether the Roosevelt delegates had ever been proposed before the convention. Mr. Stillwell admitted they had not been proposed to the convention while Mr. Graham presided. He said Graham put on his coat and walked off the stage. They then reorganized the convention, he said, and elected the Roosevelt delegates.

Chairman Graham, when he was recalled, denied he had left the convention.

"I never walked out of a convention in my life," he declared. He said the Roosevelt men crowded down in front of the convention and tried to keep him from doing business.

"They know mighty well what we were doing and tried to stop us from nominating Studebaker and Fox," declared Graham. "Now they come in here with affidavits to show the change of just one vote, and expect you to believe it. This was all done subsequently."

Would Also Swear.

He declared he "would make an affidavit as long as from here across the hall that he occupied the chair for two hours and tried to get the Roosevelt men to let the convention do business and to have a test vote."

He declared the Roosevelt attorneys "had gone out into the highways and byways, 'getting aside secretly,'" where they shoved the paper under their noses and got them to sign the adavits.

Graham produced an affidavit from a nephew of Congressman Crumpacker that the Roosevelt men had said they would "bolt" if they could not elect their delegates in the regular convention.

The keen interest in the case was shown as the attorneys retired when members of the committee crowded about the contestants to discuss matters with them.

Committeman Estabrook, of New Hampshire, moved that the Taft delegates be seated. Senator Borah asked for a roll-call, which was granted.

The Taft delegates were seated by a vote of 36 to 14. Several members of the committee had left the room.

The conclusion of the Indiana cases was followed by an immediate adjournment of the committee.

SUES JUDGE FOR $500,000.

William Ammen Files Action Against Judge Landis.

Chicago, June 11.—United States District Judge K. Landis yesterday declined to hear a motion presented by William J. Ammen counsel for George F. Harding in Harding's suit against the Standard Oil company, which grew out of the control of the corn products company by the Standard Oil company.

The court refused to listen to the motion because the attorney offering it had in a brief in the United States circuit court of appeals referred to Judge Landis as being "influenced by the eminence of the attorney representing the Standard Oil company." Several other federal judges have declined to hear the suit. Later in the day Ammen filed suit for $500,000 damages against Judge Landis.

BETTER CAR SERVICE.

Conditions Improve in Strike-Bound Boston.

Boston, June 11.—Better car service on the lines of the Boston Eelevated Railway company marked the beginning of the fifth day of the strike on the Boston trolley system. The union men remain firm in their demand for recognition of the union and for a minimum wage. Union officials have arranged for a parade and mass meeting this afternoon. Mayor Fitzgerald and city officials increased their activities trying to reach a settlement of the strike. Though President Wm. Bancroft, of the elevated company, has refused to meet officials of the Amalgamated Association of Street and Electric Railway Employes, he has agreed to meet the state board of arbitration if that body so desires.

ANGOLA MAN PRESIDENT.

Guy J. Shaughniss Elected Head of Assistant Postmasters.

Indianapolis, June 11.—The Indiana State Association of Assistant Postmasters in convention here yesterday elected officers as follows:

President, Guy J. Shaughniss, Angola; first vice president, Frank Amoss, Logansport; second vice president, Charles M. Brown, Rushville; third vice president, William M. Reynolds, Jeffersonville; secretary-treasurer, William F. McNaughton, Connersville.

In an address before the convention C. H. F. Birdseye, of Cincinnati, a postoffice inspector, predicted that within a very short time all postoffice appointments will be under the civil service.

BALTIMORE IS GETTING READY

Eastern City "Slicking Up" for Big Democratic Convention.

RUSH FOR SEATS ON

Washington, June 11.—The scramble for tickets of admission to the democratic convention is on.

Seats in the Fifth regiment armory at Baltimore, tickets of general admission—anything which can admit a man, woman or child to that hall of democracy—are being scrambled for by hundreds of thousands of persons. Even peepholes would be at a premium if the sale of these privileges could be managed.

It has been so long since a democratic national convention was held in the east that the people of this part of the country are figuratively "crazy" to see the big show. New York, Philadelphia, Washington and Baltimore would alone consume many times the number of admission tickets if they could be had.

Every politician, every member of congress, every man on any committee and every friend of anyone connected in a managerial way with the convention is being besieged continually for tickets. Robert Crain, chairman of the Baltimore democratic national convention committee, has received thousands of requests for tickets during the last few days.

Rules of Ticket Distribution.

"The national committee, and it alone, has full power over the admission to the convention hall," said Chairman Crain.

The rules laid down for the distribution of tickets are as follows:

"No one will be admitted to the convention hall—the Fifth regiment armory—without tickets. These tickets will be good for the entire time of the convention. The number will be rigorously limited to about 15,000 and for every one admitted there will be a seat. Probably no tickets whatever will be issued before June 20. Persons from each state desiring tickets must apply to the national committeeman from that state.

"There will be no time when the general public is admitted to the hall, before or during the convention, because some one holds a ticket for every seat and all the standing room is occupied by chairs, except in the aisles."

It is explained that there are only 15,500 seats in the armory; that 3,000 will be required for delegates and their alternates; that 1,000 are needed for the press representatives; that another large block will be held for the personal lieutenants of the candidates and other party leaders and that the remainder must be divided among the states and territories of the United States.

Badges Ready to Distribute.

The official souvenir badges and the special badges for the various committees are ready for distribution.

The convention badges are unique and interesting. The committee badge is in three parts—the badge proper, a bar with the name of the committee on it and a pendant with the convention hall stamped on it. The badge is embossed with two enameled American flags, and, directly beneath the center, a flying canvasback duck. The other figures are the far-famed Maryland crabs, oysters and diamond-back terrapin, and at the top is the word "Baltimore."

The official souvenir badge is a neat small bronze badge with the figure of the convention hall stamped on it and a democratic donkey as the pendant, on a field of sateen orange and black ribbon. Unofficially it will be called the "donkey badge."

To make Baltimore as clean and sparkling as a city could be by the time the convention meets a big crusade of painting buildings has been started.

TIED WITH CHAINS.

Takes Mechanic an Hour to Uncouple Newlyweds.

Seaford, Del., June 11.—Hauled about the town in a hay wagon while hundreds of friends pelted and showered confetti upon them, Mr. and Mrs. Edwin H. Clark, jr., who were married at high noon in the Bridgeville Methodist Episcopal church, were carried to the depot, only to meet the climax of pranks.

Just as the train was coming in the crowd sang "Blest Be the Tie That Binds," and bound the couple tightly together with heavy timber chains. These were secured with a large padlock and the key thrown away. Unable to free themselves from the predicament, the newlyweds were carried into the Pullman and were obliged to occupy one chair.

Hundreds of friends who had come from all parts of Delaware, Maryland and Pennsylvania to witness the affair were in it to the last, and the serenade was one of the most strenuous imaginable, the bride being nearly at the point of collapsing when carried on the train.

A dispatch received from Wilmington states that the tie was strong and the honeymoon was delayed for over an hour in that city in order to have the "binds" broken by a mechanic.

ROBS IMMIGRANT GIRL.

Man and Woman Take $680 From One Girl.

New York, June 11.—Through the efforts of the immigration authorities a man and two women were convicted of defrauding immigrant girls before Judge O'Sullivan, in the court of special sessions.

The trio who were convicted are Michael Horin and his wife, Pauline, and the latter's sister-in-law, Kate Hordi, eighteen years old.

Although the prisoners were tried on one charge, there were a dozen young women in the court room who had the same experience as Helen Paniss, the complainant, who was defrauded out of $680.

Judge O'Sullivan remanded the prisoners to the Tombs for one week, when they will be sentenced.

REFUSE TO OUST COUNCILMEN.

Kansas Supreme Court Justices Decide Against Woman Mayor.

Topeka, Kan., June 11.—The Kansas supreme court has refused to oust the councilmen of Hunnewell, Kan., who had differed with the woman mayor, Mrs. Ella Wilson, as to how the business of the town should be administered. The court retained jurisdiction over the case, so the councilmen might be removed from office later, should their attitude at any time, in the opinion of the court, justify such action.

WANTS CASH FOR QUART OF BLOOD

Young Man at Perkinsville Files Suit for $10,000.

$25 WAS NOT ENOUGH

Anderson, Ind., June 11.—The famous "Quart of Blood Case" was called for trial in the circuit court yesterday. Herschel Baily, living near Perkinsville, is demanding of the estate of T. R. Peck, a former wealthy resident of that section, $10,000 in payment for a quart of blood alleged to have been given by the young man to save the life of the farmer.

According to the complaint, Peck for several years suffered from lack of blood and physicians told him his only chance for life was to secure the blood of some healthy young person. Peck was attracted by the healthy appearance of young Baily. The latter agreed to furnish the farmer with a quart of the life fluid and was told he would be well remunerated for his sacrifice.

The two went to Noblesville, where in a hospital the transfusion of blood was accomplished. Baily, it is alleged, came out of the ordeal much weakened and the bloom which had formerly shown in his cheeks faded, never to return. The quart of blood is alleged to have acted as an elixir of life to Peck and he enjoyed better health than for years.

When the matter of muneration was broached, it is alleged that Peck tendered Baily $25, which he said was ample compensation for so small a favor. Baily was not satisfied and instituted suit against Peck. In the meantime Peck died and the suit was certified against his estate.

OLD OFFICERS ARE RE-ELECTED

Late J. D. Bond Former Officer of the Associated Charities.

BOARD IN SESSION

The executive committee of the Fort Wayne Associated Charities, in regular session Monday afternoon, re-elected its old officers as follows:

President—Samuel M. Foster.
Vice President—James McKay.
Treasurer—E. H. McDonald.
Secretary—O. E. Mohler.

Among other things, the committee made appropriate note of the death of Jared D. Bond, which occurred Sunday at Alhambra. Mr. Bond was one of the originators of the local branch of the Associated Charities, and acted as its treasurer until eight years ago when he left Fort Wayne.

In appreciation of many donations of coal made through the Associated Charities during the severe cold weather last winter, Secretary Mohler was instructed to send letters of thanks to members of the City Coal Dealers' association, the Indiana Lighting company, the Young People's society of the Christian Endeavor Union, and to several individuals, who desire their names to be withheld. During the cold weather many families in the city were kept warm by handsome donations made by the abobve named concerns and organizations and several prominent residents of the city.

One British publishing firm alone issues 600,000,000 copies of periodicals.

SWEATNOMORE DID IT

Stopped Offensive Foot Odors Quickly.

"Soap and water would not do it—it was not a question of cleanliness. The more I bathed my feet the more they perspired.

"Powders would not do it. I tried several, but got no real relief. And besides the offensive odor, I suffered with foot-soreness. My feet tired easily. They made me wretched.

"Finally I tried SWEATNOMORE. Oh, if I had only known of it before it stopped the excessive sweating so quickly!

"No more offensive foot odors now. No more footache! I can walk miles and miles in the hottest weather without my feet becoming uncomfortable. Why don't YOU try Sweatnomore?"

Save Loose Teeth

Press against your teeth and see if they are loose. If any of them move at all, indicates a serious condition, for they will get worse and worse until they fall out, unless treated with Call's Anti-Riggs.

This pleasant home treatment sells at 50c a bottle at Woodworth Drug Co. or Meyer Bros. Drug Co.'s Drug Stores, with an absolute guarantee of money back if it fails to cure Riggs Disease (loose teeth, bleeding and sensitive gums, etc.) It will save your teeth, sound and firm, for a lifetime, and you should use it at once. Recommended by leading dentists and professional people.

Call's Anti-Riggs quickly cures the soreness caused by new plates. Try it.

Doctor Tells How to Shed Bad Complexion

We cannot restore degenerated facial tissue any more than we can restore a lost limb. It is useless to attempt to convert a worn-out complexion into a new one. The rational procedure is to remove the complexion instead—remove the devitalized cuticle. Not by surgical means, however, as the underlying cutis is too thin, too tender, to withstand immediate exposure. Applying ordinary mercolized wax will gradually absorb the offending cuticle. By degrees, a new, youthful skin appears; a skin soft and delicately tinted as a rose petal.

No lady need hesitate to try this. Procure an ounce of mercolized wax of the druggist. Spread on a thin layer before retiring, removing this in the morning with soap and water. In from one to two weeks the complexion is completely transformed.

An approved treatment for wrinkles is provided by dissolving an ounce of powdered saxolite in a half-pint witch hazel. Bathing the face in the solution brings prompt results.—Dr. Rupert Mackenzie in Popular Medicine.

WAS LEGALLY DEAD ALTHOUGH LIVING

Calvin Spencer Returns to Old Home and Children After 17 Years' Absence.

Bluffton, Ind., June 11.—Declared legally dead by the courts more than three years ago Calvin W. Spencer, a former citizen of Ossian and Uniondale, has returned to prove that he is still very much alive, despite the decree of the Wells circuit court.

Spencer disappeared from his home in Uniondale mysteriously seventeen years ago and until Sunday nothing had been heard from him. He failed to write or in any way make known his whereabouts and his son and daughter, Charles Spencer and Mrs. C. E.Barrick, as well as other relatives, believed he was legally dead.

Declared Dead.

The action in court by which Spencer was declared to be dead, in the eyes of the law, followed the filing of a quiet title suit in circuit court by Charles Spencer and Mrs. Lottie Spencer Barrick on August 26, 1908. Their mother had passed away, leaving some property in Uniondale, to which they and their father were the heirs at law. In order to sell the property and make a division of the proceeds it was necessary to go to court and have title quieted to the son and daughter, and to do this a showing was made of his long and unexplained absence and the court declared him dead in the eyes of the law.

His Property Sold.

The property was sold and the son and daughter each received their share, while the portion that would have gone to Mr. Spencer, their father, was placed in trust in the Wells county bank. With interest it is said now to amount close to $600. Had not Calvin Spencer returned within a prescribed time under the law, the money in the bank also would have been divided between the son and daughter.

The first intimation that the son and daughter had that their father was living was when Mrs. Barrick Sunday morning had a communication by telephone with him. He was at the home of a nephew, William Thain, 2128 Broadway, in Fort Wayne, where he had arrived unannounced, for a visit. Immediately after learning that her father was alive and well and only an hour's travel distant Mrs. Barrick and her husband made arrangements to go as quickly as possible to see him. They made the trip to Fort Wayne by automobile.

The son, Charles Spencer, who has been working in this city, and who went to Uniondale to spend Sunday, learned after his sister had departed that his father was in Fort Wayne and called him by telephone and then he also went to Fort Wayne.

WOMAN FATALLY BURNED.

Merrom, Ind., June 11.—In her efforts to hasten the evening meal, Mrs. Lou Reynolds, of Merrom, poured coal oil on the kitchen stove. The house and its contents were destroyed and Mrs. Reynolds received burns that caused her death late last night.

GOES BACK TO PRISON.

Charles Dieffenbaugh, of Huntington, Who Violated His Parole.

Huntington, Ind., June 11.—Charles Dieffenbaugh was arraigned in the circuit court Monday on motion of the prosecuting attorney that his parole be revoked and that he be required to serve the original prison sentence. Judge Cook decided from the evidence that Dieffenbaugh had not lived up to promises which he made when the parole was granted and he will be sent back to prison.

The state attempted to place the guilt of the robbery of the Richards store in Roanoke upon Dieffenbaugh. Witnesses were summoned, including Mr. Rochards, his clerk, Frank McIntyre, and the proprietor of the saloon in which Dieffenbaugh spent the evening in Fort Wayne. Althought it was not proved that the defendent had stolen the money, yet his conduct before his arrest was such as to warrant the revocation of the parole.

According to his story the money which he displayed in Fort Wayne was his savings from his wages of several weeks previous. He said that at some time during the night he was robbed while under the influence of liquor and was forced to walk from Fort Wayne to Roanoke.

FOUR PROFESSIONS BANQUET.

Lawyers, Ministers, Physicians and Dentists of Noble County.

Kendallville, Ind., June 11.—The initial banquet of the lawyers, ministers, physicians and dentists of the county, which was to have been held on the evening of June 18, was postponed until the evening of July 2, by Rev. A. Judson Arrick and Attorneys T. A. Redmond and Harry Helwig, of the committee on arrangements, who met yesterday to prepare the program for the great affair.

Several who were to have taken part on the evening of June 18 notified the program committee that they could not be here, as the republican national convention at Chicago was attracting their attention, so the local men decided to postpone the affair.

The big banquet will be held at the Odd Fellows hall. Over a hundred men, representing the four professions, will take part in the gathering and a great time is anticipated.

REV. FRED WAMBSGANSS.

Delivered Sermon at Dedicatory Services in Adams County.

A Mother Mistaken For a College Girl

An odd incident happened recently in Northampton, Massachusetts, where a Mrs. R. M. Bronson, of New York, was visiting her daughter, a student at Smith College. So youthful and pretty did the mother appear, that one of her daughter's friends, not appreciating her age, thought she was a new student and spoke to her accordingly. While Mrs. Bronson has a slight, trim figure, the chief cause of her youthful appearance, was her luxuriant, wavy brown hair, which retained not only its original, natural color of her younger days, but possessed all the gloss and fluffiness of a young girl's. It was found on inquiry that she used a preparation to restore it. There is a hair restorer that will give just this same attractive result to thin, faded or gray hair, and it is on display at Miss M. Barth 202 West Berry St., Fort Wayne, Indiana. It is called Trico Gray Hair Restorer, which is guaranteed under the Food and Drugs Act, June 30, 1906, by E. Thry & Co., Chicago, and is the only safe and scientific preparation known that positively restores gray and faded hair to its original natural color. It is absolutely harmless, its use cannot be detected, and if your hair is lifeless, faded or gray, it will give it the richness and color that naturally belongs to it, bringing back to you a healthful, beautiful appearance. Be sure to ask Miss M. Barth about it today.

The Expected Happens.

Now that the smoke of battle has begun to clear away after the decision of the republican national committee at Chicago in the case of the Indiana delegates at-large, the verdict that it was the expected that happened ought to be pretty nearly unanimous. The rules of the political game as it is played by experts would have permitted of no other decision, and nobody is probably better aware of the fact than the four distinguished Hoosier champions of Colonel Roosevelt who were tossed over the battlements when the title of the "regular" delegates chosen by the Indianapolis convention was cleared so far as the committee is able to approve it.

Mr. Roosevelt in his Fort Wayne address on the day following the Indiana convention made some extremely caustic references to methods which he alleged had been used against him in the Indiana gathering, and he has repeated the charges at other points. But it has gotten him nothing, and here in Indiana there has never been a disposition to take the contest on the convention action seriously. It is hardly to be conceived that adroit political leaders, skilled in the tactics as are the Taft republicans who dominated the Indianapolis gathering, would indulge in rough-house work so crude that it would not pass muster before a jury of its friends. It certainly received a handsome O. K. when the committee, in which are a number of Roosevelt partisans, decided by unanimous vote that the four Taft delegates had been fairly chosen and were entitled to the seats. Even Senator Borah, most violent and most voluble of the Roosevelt protestors dropped calmly into line and voted with the remainder of the committee. This is really the sensational surprise of the entire day's action. If the Roosevelt attorneys couldn't convince Borah of the justice of their claim, they simply didn't have any.

The death of Jared D. Bond in California takes from life a man who was for many years a conspicuous figure in Fort Wayne financial circles, and who was known to practically every business man in Fort Wayne through his long connection with local banking circles. Quiet and reserved in disposition, Mr. Bond was distinctly of the "old school" of bankers, and his experience reached backward to a day when Fort Wayne banking institutions were far less numerous than now and comparatively small. He lived to see, and to participate in no small degree, in their development commensurate with the needs of modern business. A most admirable trait of his character, little known to even many of his closest friends, for it was manifested in a most unobtrusive manner, was his charity to the deserving poor. He gave and gave generously in this direction, and many a burden was made lighter by Mr. Bond's quiet but pronounced sympathy that prompted him to contribute to those in need.

It is much to be regretted that Fort Wayne did not find first favor in the location of the Moose industrial school, but it made a game fight for it and manifested an enterprise and a generosity upon which it is to be congratulated. That sort of thing will finally count and count handsomely. And if Fort Wayne couldn't secure the school, she is glad to see some other Indiana city win the prize.

Announcement is made that the Travelers' League of Indiana is preparing to ask the next legislature to pass a bill against "tipping" in hotels and restaurants, making it unlawful to either give or to receive tips. The gentlemenly waiters will probably take due notice and proceed to make hay while the sun shines and before the Indiana statesmen are called in solemn conclave next January.

PRESS DISCUSSES THE RISING BEEF PRICES.

Heavy Loss of Cattle.

Detroit Free Press: "'I know that it is an unwelcome message, but I do not think that meats reached their high water mark this year, although the price was extraordinary,' remarked B. L. Roberts, of Omaha, at the Hotel Griswold. 'The winter was the worst in many years for the live stock industry of the west. The loss through exposure and starvation was simply enormous.'"

Cost of Defense.

Troy Record: "After every attempt at government restriction the prices of meats have been advanced on the plea of scarcity, but really in order that the trust may make up for the cost of defending itself."

Memories.

Philadelphia Inquirer: "Meat is soon to be among memories unless some changes are made in production."

Health and Spirits.

New York Evening World: "As a matter of fact, if there must be a spell of high-priced meats now is a mighty good time for it. If everybody were to forget the taste of red meat until the snow flies, only better health and lighter spirits would result."

"Job Is Too Big."

Cincinnati Commercial Tribune: "The price of meat in the bulk went to the highest figure in New York that it has reached since 1882. It will go higher still, for the day of cheap meat is passed. When 3,000,000 men try to feed a nation of 75,000,000 people the job is too big for them."

"Gullible Public."

Philadelphia Times: "The beef combination was prosecuted but could not be convicted. Immediately the trial ended prices began rising. They have reached war time levels, and the gullible public is asked to believe that the law of supply and demand is doing it."

Live Stock Receipts.

Pittsburg Dispatch: "The study of the factors of meat prices has developed a singular dispute. The stock explanation by the meat trade is the scarcity and high prices of beef cattle. But the statistics of the agricultural department do not bear out that claim. Especially pertinent to present prices are the receipts of live stock at the seven leading cities west of Chicago. These in April last were larger than in any April since 1907, and for the first four months of 1912 more than for any corresponding period in a decade."

DIFFICULT, BUT NOT IMPOSSIBLE.

(Pittsburg Dispatch.)

Judge McKenna's dictum in the county court that conductors must not allow intoxicted persons to ride on their cars and cause annoyance to other passengers will be generally approved. The public, having paid for transportation, is entitled to protection in that right and must not be subjected to the nuisance of drunken companionship. As a rule the conductors are vigorous and efficient in according this protection, and this ruling by the court in support of their activity should encourage them to be even more so.

It may be, as the court said, difficult at times to detect an intoxicated person while he is boarding the car, but this difficulty is obviated by the qualifying addendum of annoying the other passengers. As soon as the disturber begins to make himself obnoxious the conductor will do well to eject him forthwith—after the precaution of collecting his nickel, of course. The actual consumption of intoxicants necessary to demand ejection or the precise degree of intoxciation required is immaterial, irrelevant and inconsequential. The nuisance consists in the annoyance to the other passengers and should be sufficient evidence. Drunk or sober, the rowdy passenger should be removed at the first sign of ebullition. If a man cannot behave decently he should not be permitted to inflict himself on others.

Any sympathy wasted in speculation as to how the intoxicated individual is to get home is out of the question. Possibly in that condition home is better without him. And then, again, if there is any virtue in the theory, compulsory pedestrianism may enable him to test whether there is anything in "walking it off."

All Questions Answered Relative to River Improvement.

By Municipal Ownership and Civic Improvement Committee.

HE PAYS TAX ON $1,000.

Question.—If a man's property is of the assessed value of $1,000, how much more would he have to pay because of an issue of $200,000 of city bonds?

Answer—The issue of the bonds would not make necessary the advances of the tax levy at all. The present sinking fund levy would take care of the gradual payment of the bonds. The $8,000 annual interest charged would be paid for out of the general fund, which at our present tax levy is increasing annually, after paying all charges now, a good deal more than $8,000. But although a man's taxes were increased enough to meet this $8,000 interest charge, it would amount to but ten cents on the $1,000, at each of the semi-annual payment of taxes—two cigars or two street car tickets. In a little while the taxes collected on the advance in value of property adjacent to the improvements made would a good deal more than take care of this interest charge.

MUNICIPAL OWNERSHIP AND CIVIC IMPROVEMENT COMMITTEE.

ON THE SMOKE NUISANCE.

Editor Sentinel:—Your smoke nuisance cartoon was a dandy but it failed to show up the immense clouds of smoke that pour out of the Fort Wayne High school and other public schools of Fort Wayne and spread dirty soot over the yards of people that live in the neighborhood and spoil many washings that are hung out on clotheslines. The smoke nuisance committee failed to show up the most pronounced lot of smoke producers in Fort Wayne, the Fort Wayne school board.

Tonight the council re-elects Jesse Macbeth to the school board and the city council should make him pledge to abate the smoke nuisance connected with the schools, as well as that other nuisance that is a disgrace to our once beautiful high school lawn as well as other school lawns of the city—the crop of weeds.

EDWARD MILLER.

"COMMON CLAY."

It is said that a number of the richest and noblest lords and dukes of England are annoyed at the recent conspicuous publication of the facts about their ancestors, who are not very remote, and who were mighty poor and humble yeomen, mechanics and petty tradesmen.

It does take the edge off 'em a bit, but it is encouraging for the rest of us. It is lucky, indeed, that there is only one kind of clay, and that anything that ranks above is the production of education, environment, development.

Take two babies born today. The tenement baby has all the potentialities that are wrapped up in the baby born in the home of wealth. They are made of the same stuff. One is as good as the other. The trouble is that they don't have an equal chance.

It is the business of civilization to see that we shall make the most of our common clay—all of it—and slowly, gradually, through the unfolding years, we shall find the way to do it.

Common clay is the material from which we mold all shapes of beauty and of light in the world of humanity.

A STATE'S RIGHT TO REGULATE ITS FOOD SUPPLY.

(New York World.)

The supreme court of the United States, in sustaining the constitutionality of the Indiana pure food law, announces the principle that states may enact legislation of the kind without interference with the federal pure food act.

The decision accords with the actual conditions as exemplified by the practical operation of New York's pure food law. Not only has no conflict of authority occurred, but the statute has admirably supplemented the federal law.

Essential differences exist between legislation for the regulation of the nation's food supply and legislation for the regulation of its commerce. It should be within the rights of a state to determine the quality of the food offered for sale within its jurisdiction and to establish safeguards against adulteration, and it is sastifactory to have that principle laid down by the country's highest court.

YOU WILL SLEEP SOUND, EAT HEARTY AND FEEL BETTER

The tremendous amount of rush and hustle which is necessary to keep abreast of the times these days has created a condition of nervousness which is affecting the majority of people in the United States. The down-and-out, nervous condition is nothing more or less than stomach trouble, now generally recognized as the great American plague.

A man or woman in this condition can get little happiness or success out of life. They feel tired all the time, have no energy or ambition, and are gloomy, timid and despondent. They do not sleep or eat well or feel well, and life, instead of being a pleasure, is more of a burden.

Are you one of these half-sick, listless, tired, nervous people? If you, are, you should know that there is a medicine now being sold that has brought back the old energy and pleasure in life to thousands who have tried it. The name of it is Cooper's New Discovery. It has been pronounced the greatest medicine ever sold to the public. TIRED OF "TIPPING."

Travelers Seek to Have Bill Against it Drafted by Legislature.

Indianapolis, June 11.—The Travelers' league, an organization composed of representatives from the different travelers' organizations, has drafted a bill to be presented to the next legislature against "tipping" in hotels. The bill provides that it shall be unlawful to give or receive "tips."

Similar bills have been introduced in the legislatures of many states, and the action of the local travelers is the outgrowth of an agitation which has been in progress for many months. The travelers also will draft several other bills to obtain better hotel conditions throughout Indiana.

They will send copies of these measures to the candidates for the legislature, asking them to promise their support. The travelers will vote for those candidates who pledge their support.

BLOOD POISON, TUBERCULOSIS, BRIGHT'S DISEASE, DIABETES, RHEUMATISM, Etc., CURED by the intravenous use of SERUMS, ANTITOXINS, etc., whereby the medicine is introduced, unchanged, directly into the blood stream; coming immediately into contact with and eliminating or destroying the poisons or toxins therein, purifying the blood and supplying the diseased tissues and organs with pure, healthy blood thereby restoring them to natural and normal condition.

Remember, I keep the best of everything to be had in the way of treating and curing disease, regardless of cost or effort to procure the same. The best is always the cheapest and where so vital a thing as health is concerned it is the heighth of folly to accept anything but the best. HEALTH IS TOO PRECIOUS TO EXPERIMENT WITH. While I have cured many cases that have been considered incurable or have progressed to a stage where life was despaired of, it is safer, much easier and much less expensive to the patient if I can get the case in the beginning or before you have been experimented upon by unskilled or incompetent doctors.

NERVOUS BREAKDOWN—And nearly all nervous diseases are the direct result of chronic or imperfectly treated pelvic disease. I not only remove the cause, but my many years' experience in the treatment of NERVOUS and PELVIC diseases has enabled me to perfect NEW and ORIGINAL methods of treatment that bring about in a very short time a complete and satisfactory condition, by removing the cause of the trouble, instead of treating the symptoms as is generally done.

KENTUCKY METHODS LIKE ABE REUFF'S, SAYS HENEY

(Continued from Page 1.)

filed to show that any contesting delegates has been elected."

Entitled to Hearing.

The committee decided that the contestants were entitled to a hearing and Ormsby McHarg spoke for the Roosevelt forces. He said one argument would cover the case of the delegates-at-large and the districts.

"The circumstances in each case are alike," said McHarg, "and we will submit them all on the one argument."

Judge Ed C. O'Rear, heading the contesting Roosevelt delegation, began the Roosevelt arguments.

"The charge we have made in Kentucky," he said, "is that the machine methods have gotten so far into the republican party that the independent voter has little choice between the republican and democratic parties."

Judge O'Rear declared he would try to show there was a "deliberate plan to carry Kentucky for the president against the wishes of the people and that this plan was participated in by the party leaders and the republican state committee."

Blames Federal Appointees.

Federal officeholders, said Judge O'Rear, were at the bottom of the "trouble" in Kentucky. Most of it occurred, he said, in counties where federal officeholders were county chairmen. "They sat in judgment," he said, "upon the credentials and rights of all delegates."

In Breathitt county, he said, the republicans had proceeded under the regular call. The county chairman would not call it together so each side put up a chairman.

"The Roosevelt man won," he said. "There was no question or doubt about it. The convention proceeded to elect delegates to the state convention. When they appeared there they were confronted with a contest. The Taft delegates had been selected at a meeting in the office of a Taft man, but the convention seated the Taft delegates."

Came Over to Help.

Judge O'Rear declared hundreds of Ohio and West Virginia men had come into Kentucky to take part in the Boyd county convention. He said that in other counties non-residents had come in to participate in the convention. Judge O'Rear's argument covered not only the state convention but the primaries and conventions throughout the state. The conditions were such that few districts selected their delegates in accordance with popular opinion.

In the state convention, presided over by Senator W. O. Bradley, he declared the control by the Taft forces had been procured by seating contested delegations. "We do not claim we were elected," said Judge O'Rear, "because there was no opportunity given to elect us. We have brought this question direct to the highest party authority. If you have the right to decide who can sit in the convention you also have the right to expurgate that roll, and to refuse seats to those not properly elected.

Took 620 Roosevelt Votes.

"The total vote we claim, taken from Colonel Roosevelt in the First district was about 620," said Judge O'Rear.

In the Second district, he said, the Taft forces saw in advance they were outnumbered in the Daviess county convention and hurried to the hall and elected Taft delegates before any one else had a chance to come in.

Judge O'Rear said he was opposed to "bolting," but that if they had bolted in the Kentucky districts it would have been of no avail because the conventions were being conducted by the regular party organization.

"Had these county chairmen been long in office?" asked Mr. Devine.

"Yes. I don't question their honesty now," said Judge O'Rear. "I simply question the frailty of human nature."

Had No Credentials.

Judge O'Rear again stated that the Roosevelt delegates had no credentials to present to the committee.

"I don't think that matters," said Committeeman Kellogg. "We are not bound to seat any delegates if it is shown their seats were obtained by fraud."

Judge O'Rear had not completed his argument when the allotted half hour expired. The committee extended his time and he offered some affidavits that had not been before given the committee.

Former Senator Dick, the Taft attorney, objected against these on the same ground advanced in the Thirteenth Indiana case yesterday. Ormsby McHarg retorted that the Taft attorneys were not entitled to see the Roosevelt evidence in advance.

No objection was made in the committee, however, and the affidavits bearing on the alleged fraud in the primaries and county convention were admitted.

Right of People to Rule.

"It is a question of the right of the people of Kentucky to choose their own delegates," the judge declared; "a question of whether delegates that should be for Roosevelt shall be counted for Taft."

W. D. Cochran, one of the contested delegates-at-large, declared that if every Roosevelt contesting delegate had been seated in the state convention the Taft forces would still have had a majority.

"They admit that the convention was properly organized," said Cochran. "A credentials committee chosen from the various districts sat for eighteen or twenty hours and heard every contest that was offered. No one was excluded." He took up county contests in which the Roosevelt forces claimed they should have been accorded the delegates.

Mr. Cochran said that with the whole of Jefferson county's 272 votes the Roosevelt men claimed they would have had 1,227 votes in the state convention, a majority of 51.

Why They Didn't Bolt.

"So without the Jefferson county 136 votes, they would have been in the minority in the state convention," said Mr. Cochran. "That is why they did not bolt."

Frank B. Kellogg asked if there had been a primary in Jefferson county. The Taft delegate said there had been a primary and that the Roosevelt delegates and Taft delegates there elected had agreed to divide the county vote in the state convention.

Charges against federal officeholders, said Mr. Cochran, on the ground that they had been unfair county chairmen had no foundation.

"It would seem that there was a preconceived idea in many counties to select delegates and arrange contests when the county could not be carried for Roosevelt."

Senator Borah made a formal motion to admit as part of the evidence the O'Rear affidavits previously offered. The committee was unanimous in accepting the motion.

T. P. Morrow, assistant district attorney at Covington, one of the Taft attorneys, declared every contest the Roosevelt forces had "thought good enough to bring before the credentials committee" had been carefully considered.

Wouldn't Be "Ace High."

"If we gave you all of these contests," he said, turning to Judge O'Rear, "you would have only 883 votes in a convention of 2,300. You would not have been ace high if you had been given all of them."

"In Breathitt county," said Mr. Morrow, "a drunken man staggered into the hall representing the Roosevelt people, who hardly knew what to do."

Mr. Morrow read a telegram from George W. Winslow, chairman of the Carroll county convention stating that it had been overwhelmingly for Taft and that contests or charges to the contrary were "malicious."

"Read this in O'Rear's presence," the telegram concluded.

Judge O'Rear declared contested delegations had been allowed to vote on their own cases in the state convention in accepting the credentials committee report.

Mr. Cochran presented a written agreement dividing equally the 272 votes of Jefferson county, which had been signed by the Taft and Roosevelt leaders. The Kentucky attorneys and delegates were asked to withdraw while the committee acted.

Committeeman McCoy, of the Philippines, moved to seat the Bradley or Taft delegates.

Abe Reuff Methods.

Senator Borah said he would like to read the affidavits presented before voting.

Francis J. Heney of California who was in the committee on the proxy of Thorson of South Dakota, broke into protest against voting before time had been given to examine the affidavits.

"This looks to me just like things I have seen Abe Reuff do in San Francisco," he said.

Senator Penrose objected to a new man, who had come in on a proxy, making such charges against the committee. Senator Crane proposed as a substitute for the delay asked for by Borah, that all of the affidavits be read to the committee. Borah insisted that a vote be put off until tomorrow morning. Mr. Chubb declared there could be no cloud on the title of Senator Bradley and the other Taft delegates.

Chairman Rosewater said no delay could be granted, unless the committee suspended its own rules. Cecil Lyon of Texas, said he wanted time to examine the evidence and Mr. Heney again interrupted today. "What's the use of arguing cases if the evidence cannot be examined?"

The Negative Votes.

The motion to seat the delegates was renewed. On a roll call dmanded by the Taft forces, the Taft delegates were seated 38 to 11.

Frank O. Lowden, Ill.; Cecil Lyon, Texas, and O. R. Burnam, Ky., declined to vote, the first two because they wanted to examine the affidavits.

The negative votes were Knight, Cal.; Du Pont, Del.; Borah, Idaho; Kight, La.; Kellogg, Minn.; Flanagan, Nev.; Ward, N. Y.; Thorson, South Dakota; Monday, Tenn.; Loose, Utah, and Bieber, District of Columbia.

The first Kentucky case was then called. Mr. Harg and Judge O'Rear said their case rested on their former arguments and on affidavits that had been presented but not read.

Admits Evidence Meagre.

The committee asked Judge O'Rear to give the substance of the affidavits. In Calloway county, he said, the convention was set for 1 o'clock, but was called at 12:20 by Mr. Downs, a postmaster, and when the Roosevelt people got there the convention was over.

"On this case I admit that our evidence is meagre," he said. He declared the vote of this county would have controlled the First district convention if the Roosevelt men had been able to send the delegation.

Senator Borah asked if the Roosevelt people would have had a majority of the Calloway convention "if they had reached there in time?"

Judge O'Rear said he had no evidence on that.

"What does this affidavit show?" demanded Borah.

"It is a matter of deduction that the convention was called before 1 o'clock," said Judge O'Rear. "The affidavit says that 'when we arrived at the appointed hour we were surprised to find the convention almost ready to adjourn.'"

Mighty Slim Case.

Other committee members asked whether the Roosevelt men would have controlled the county convention if they had been there when it organized. Judge O'Rear said he had been unable to find out.

"If you insist on pinning me down," added Judge O'Rear, "I'll admit that we have a mighty slim case here, but slim cases are sometimes won."

"You are resting your case," added Senator Borah, "on the promise that the Roosevelt men may have arrived too late for the convention but in time for the call."

F. B. Brown, for the Taft delegates, declared Judge O'Rear was right when he said he "had a slim case."

He declared the credentials committee had let the convention settle the McCracken county contest.

The Taft delegates from the first Kentucky district were seated by unanimous vote of the committee. A roll call resulted 46 to 0.

The second district case was then called. Judge O'Rear said that Taft had 64 and Roosevelt 57 votes in the convention while 77 representing three counties were in contest. One of these, Union county, had two conventions. In Daviess county where the convention was held in the court house yard, he said, only part of the Roosevelt men were counted on a test vote.

They Quit Counting.

He declared the Roosevelt forces actually had 150 majority but the tellers "quit counting," went back into the court house and reported a majority for the Taft candidate.

In the case of Daviess and Henderson counties, the second district convention seated the Taft delegates.

"If the action of that second convention is final," said Judge O'Rear, "We can hardly question such action here."

He insisted, however, that the national committee had the right to take up the cases of those counties without regard to what the district convention did. "We do not contend that federal employes are disqualified from voting or participating in party conventions," said the Roosevelt attorney.

R. W. Slack, for the Taft contestants, declared the situation in the Second Kentucky district was similar to that in the case of the delegates-at-large inasmuch, he said, as the Taft delegates received the unanimous vote of the convention, the Roosevelt forces voting with their opponents. Mr. Slack declared that in Daviess county, where the tellers were alleged to have "quit counting" the Roosevelt teller refused to complete the count.

The Taft delegates from the Second Kentucky district were unanimously ordered seated by the committee, 51 to 0.

A roll call showed all Roosevelt members of the committee voting for them except Francis J. Heney, the proxy of Thomas Thorson, of South Dakota, and Gov. Hadley, holding the proxy of Sidney Bieber, of the District of Columbia, who asked to be excused from voting. G. V. Hadley said he had not heard the evidence.

In the case of the Fourth Kentucky district, next called, Judge O'Rear announced the contest would be withdrawn, as it was similar to those in the First and Second districts already disposed of.

The committee ordered the two Taft delegates seated on the temporary roll of the national convention.

SLAYING THE RODENTS.

"Rat Day" is Being Observed in Southern Indiana.

Princeton, Ind., June 11.—Reports from over this county are that "rat day" is being well observed and hundreds of rats are killed. There is some observance of the day in other counties of the First Indiana district, according to reports being received at Owensville by President Strickland, of the Gibson County Rat Killing society. This is the third annual rat killing day for Gibson county and the first for the entire district.

WAS GIVEN TO ISMAY.

Message to Titanic Telling of Ice Was Held Serious.

London, June 11.—At the resumption today of the board of trade inquiry into the Titanic disaster Sir Rufus Isaacs, attorney general, announced his intention of submitting to the court that the wireless dispatch which notified that ice had been seen in the route of the Titanic was handed to J. Bruce Ismay in his capacity as managing director of the White Star company because of its seriousness.

One of the admiralty hydrographers, Capt. Francis S. Miller, was called to the witness stand and gave his opinion in opposition to the introduction of searchlights on liners.

COMES UP TOMORROW.

Washington, June 11.—The Judge Archbald impeachment case will be taken up for a vote by the house judiciary committee tomorrow. It is possible that it may be decided to take more testimony, relating principally to the alleged fund raised by Scranton, Pa., lawyers to send Judge Archbald on a European vacation.

An impeachment resolution similar to that in the Judge Swayne case is to be presented to the house by the judiciary committee, against Judge Cornelius Hanford, of Seattle, Wash., under fire for his action in the Olsen socialist citizenship case. A sub-committee will go to Seattle to hear the charges against Judge Hanford.

DISCUSSION WILL BE LONG.

London, June 11.—The home rule bill entered the committee stage in the house of commons today, and the discussion is expected to last at least until August, when parliament adjourns for vacation. As the ultimate outcome so far as the house of commons is concerned, is a foregone conclusion, most of the members are apathetic.

The wedding of Miss Virginia White and Roger Irving Fisher will take place this evening at 6 o'clock at the home of the bride's parents, Mr. and Mrs. John W. White, in West Berry street. The bride will be attended by her sister, Miss Dorothy White as honor maid and two little flower bearers will be Jane Fisher, a niece of the groom and John White, a nephew of the bride. The marriage service will be read by Rev. H. B. Master in the presence of the immediate relatives of the bride and groom. A wedding dinner will be served immediately and the bride and groom will later leave on their wedding trip for an absence of two or three weeks. The bride is exceedingly attractive in appearance with quiet and unassuming manner and sweetness of nature that has won her many warm friends. Mr. Fisher is much admired for his many fine qualities. He comes from a well known family, being the only son of Mr. and Mrs. Samuel S. Fisher, and is associated in business with his father and uncles, in the wholesale paper trade.

Miss Edith Geake has returned from New York city, where she had been studying the voice all winter and will spend the summer with her parents, Mr. and Mrs. William Geake, of West Jefferson street. In the fall Miss Geake will return to New York to continue her studies preparatory to singing in opera. The famous tenor, Bonci, is coaching Miss Geake.

Miss Clara Scheumann, of South Calhoun street, was the honor guest at a beautiful party last evening, given by the Misses Schmidt, of Smith street. The members of a five-hundred club were the guests. Progressive games were enjoyed. The house was tastefully decorated with white roses and syringa blossoms and Miss Scheumann's place at the supper table was designated with a beautiful bouquet of bride roses.

The many friends in Fort Wayne of David MacNaughton, of Sheboygan, Mich., will learn with interest of his marriage on June 5 to Miss Nyla Hoard, of that city. A brother of the bridegroom, James MacNaughton, was best man at the wedding and was the guest of his parents, Mr. and Mrs. David MacNaughton, of North Wells street, for a few days before he returned to Indianapolis yesterday. The bridegroom will be well remembered by many young people of the high school and south side society circles, with whom he was very popular.

The wedding of Miss Laura Haffner, daughter of Lawrence Haffner, of 213 East DeWald street, and Daniel Michaelis, a druggist, of this city, will take place tomorrow morning in St. Patrick's church at 9 o'clock. Rev. J. F. Delaney will officiate. The bride will be attended by a sister of the bridegroom, Miss Stella Michaelis, and a brother of the bride, Edmond Haffner, will be best man. After the marriage the wedding party will go to the bride's home, where the wedding breakfast will be served. The bride and groom will take an eastern trip.

PRESENTS PICTURE TO SCHOOL.

The Bloomingdale school pupils, especially those of the Eighth grade, are delighted with a new gift to the school that has just been sent to them by Lieutenant Commander Fred Freeman, of the U. S. N., who when he was a boy attended the same puplic school. Lieutenant Freeman always makes a visit to the Bloomingdale school when he visits Fort Wayne and he has become so interested in the collection of pictures and statuary already in the building that he has made a contribution to the historical department of a fine steel engraving of Admiral Farragut at Mobile Bay. The picture represents Admiral Farragut standing on the bridge just as the smoke was clearing away following the fierce conflict between the boats Tennessee and the Hartford, in August, 1864. The picture is called "August Morning."

FIRST JUNIOR ORCHESTRA CONCERT WILL BE GIVEN TONIGHT.

Upper view—Top row—Mary Wood, Irma Reiner, Clarence Figel, Katherine Branham, Orlie Gaskill, Owen Knapp, Blanche Niles, Davis Diffenderfer. Front row—Robert Pape, Catherine Dinklage, Ruth Reehling, Helene Spindler, Blanche Barner, Virginia Wood, Eugenie Chambers.

Lower view—Top row—Lowell Miles, Edward Spiegel, Willard Ropa, Director Gaston Bailhe, Walter Klebe, Roy Hanger. Front row—Ervin Stocks, Emmett Spindler, Lester Freck, Robert Seidel, Victor Bradbury, Frank Archbold. Other members of the orchestra, not present when the photographs were made, are Edwin Scheele, Arthur Puff, Floyd Roy, Clifton Johnson and Ralph Teeple.

The first concert of the Junior Symphony orchestra will be held in the high school auditorium tonight at 8:15 o'clock. The members of the orchestra are pupils of the public schools gathered from this building and that gather once a week to rehearse good music under the direction of Gaston Bailhe, violinist of the Bailhe trio. The rehearsals have been held at the Jefferson school, as F. W. Miles, principal of the school, was the first to suggest and execute the plan of getting children together for concerted rehearsals. The children have been very faithful, considering all things, and the result will be somewhat astonishing. Two soloists will take part in the concert tonight, Miss Edith Nickell, soprano, and Miss Christine Pape, violinist. As admission is but fifteen cents the auditorium is likely to be well filled with parents and friends of the children and friends of musical endeavor. Mr. Bailhe and the children deserve encouragement.

The schools represented in the orchestra are Hoagland, Clay, Hanna, Bloomingdale, James H. Smart, Harmer, Nebraska, Washington, Miner, Hamilton, Jefferson, Lutheran, Catholic and the High school.

BARNES ON THE JOB AT CHICAGO

(Continued from Page 1.)

Hadley Also Arrives.

Mr. Barnes took possession of a suite on the floor below the Taft national headquarters. Gov. Herbert S. Hadley, of Missouri, arrived this morning and immediately went to the Roosevelt headquarters. He is to argue the Missouri contests before the national committee.

Should the Roosevelt forces control the convention he is believed to be their choice for temporary chairman. The position of floor leader may be accepted by him.

In the hotel lobbies and the rival headquarters there was discussion of possible candidates for the vice presiidential nomination and Senator William E. Borah, of Idaho, was mentioned in that connection. Senator Borah, however, emphatically refused to be considered in the light of a possible future president of the senate.

"Under no conceivable circumstances or conditions would I accept the nomination for vice president," he said. "I have assumed that it would not be necessary for me to make this statement, but in view of the discussion I want to put an end to it once and for all. And this ends it, for under no circumstances would I accept the nomination if it were tendered me."

Iowa to Aid Cummins.

Senator Kenyon, of Iowa, who found it not necessary to go to Washington, as he had expected yesterday, said that Iowaians were coming in on every train eager to help the presidential boom of Senator Cummins. The Cummins headquarters will be ready for the crowds expected there later in the day and the Hawkeye club is prepared to direct the enthusiasm of the Cummins men so that it will have the greatest possible effect.

Numerous conferences marked the morning in the several headquarters.

Much action was promised today at both the Taft and Roosevelt headquarters, due in a great part to the expected arrival of Wm. Barnes, jr., of New York at the president's camp and Gov. Hadley, of Missouri, at the former executive's.

Lively Welcome for Barnes.

Taft partisans planned a lively welcome for Barnes. It was arrange to open the president's suite in the Congress and have the president's followers meet the New York leader there. Barnes was expected to begin early to attempt to strengthen the cause of Senator Root for temporary chairman of the convention. The Taft forces were in jovial spirits today following their victorious fight in the national committee yesterday which resulted in the seating of the contested delegates in Indiana for the president. Only optimist forecasts of the result of future contests were heard among the Taft forces. Roosevelt's camp welcomed the coming of Gov. Hadley. As one of the original seven governors who urged the former president to make the race and one whose name has been mentioned frequently as a possible running mate of Roosevelt, his counsel was in demand.

Supporters of Roosevelt held a conference last night which lasted until the early hours this morning. But what was discussed none of the conferees would tell. Senator Borah and other national committeemen who yesterday voted to seat Taft delegates in Indiana participated in the meeting.

WILL VOTE FOR ROOSEVELT.

Mobile, Ala., June 11.—"I'm going to vote for Roosevelt if they chop my head off," declared Postmaster Byron Trammell, of Dothan, a member of the Alabama republican delegation. He is one of the two delegates to the Chicago convention from this state who say they will vote for Roosevelt. The other is Postmaster J. B. Daughtry, of Geneva; both being from the Third district. Trammell says that Roosevelt announced he would be a candidate after the delegates from the Third district were elected, and that his entrance in the race changed the entire political complexion. Under such circumstances he says he has a right to support the colonel if he chooses to do so notwithstanding he is listed as a Taft delegate.

A CLEANING BALL.

A cleaning ball which may easily be made at home and will be found useful for cleaning cloth and renovating clothes in general is made as follows: Mix together one ounce of powdered French chalk and five ounces of powdered pipe-clay, and add to it two ounces of spirits of wine. Form the ingredients into a paste and leave it to harden. When it is required for use moisten the parts that want cleaning with warm water and rub them well with one of the balls. Dry them in the sun.

Health and Beauty Advice

BY MRS. MAE MARTYN.

X. T.: Large pores, I know, are disfiguring. However, you can soon reduce them if you use an almozoin cream-jelly, the recipe for which I give: Put 2 teaspoonfuls glycerine in ½ pint cold water, then add 1 ounce almozoin. When thoroughly dissolved it is ready to use. This almozoin cream-jelly should be applied plentifully and rubbed in well. After using the cream-jelly a while you will find pimples and blackheads will have vanished and the skin once rough, oily and blotchy will be of a velvety softness, clear and beautiful. The almozoin cream-jelly is unfailing in protecting the skin from freckles, tan and sunburn.

A. G. B.: Dieting is a cruel method of flesh reduction and a needless torture, because with a parnotis solution, made by dissolving 4 ounces parnotis in 1½ pints hot water, you can reduce your weight without suffering or inconvenience. Taking a tablespoonful before each meal gently and gradually dissolves the fatty tissues without possible injury, and when your weight is where you want it, the flesh will be firm and the skin free from wrinkles.

Mrs. A. D.: Don't experiment with alleged "hair tonics," because they may streak the hair. If your scalp is lifeless and scaly, you should shampoo with canthrox, then apply a little of the quinzoin tonic, made by pouring ½ pint water in ½ pint alcohol, to which is then added 1 ounce quinzoin. Occasional applications of this home-made tonic soon banish dandruff and correct unnatural oiliness. The faithful use of the quinzoin tonic will encourage the hair to grow in long and beautiful.

D. O.: Those troublesome hairs can be made to disappear like magic by applying a paste made with powdered delatone and water. After 2 or 3 minutes it should be removed and the skin washed, when it will be found that the hairs have completely vanished. No pain or discoloration of the skin follows the use of delatone.

Mrs. Max: Long, curly lashes add much to the expression of the eyes. Apply pyroxin daily to lash roots with thumb and forefinger and your stubby eyelashes will grow long and beautiful. By putting pyroxin on eyebrows with forefinger you can make them come in thick and silky. Don't get any pyroxin where hair is not wanted.

Violet M.: Failing strength is not due to age in your case, because at 40 a woman should be at her best mentally and physically. What you require is a blood-tonic and blood-builder, and I am giving you the recipe for a good one here: Dissolve ½ cupful sugar in ½ pint alcohol, then stir in 1 ounce kardene and add enough hot water to make a quart. Take a tablespoonful three times a day and your blood will soon be rid of poisonous accumulations, pimples and blotches will disappear and your sallow, oily complexion will give way to a healthy pink and white color. This tonic is splendid to guard the body against sickness.

Jane: I do not wonder that soap will not rid your scalp of dandruff, because it lacks the necessary elements for that purpose. Dissolve a teaspoonful cantbrox in a cup hot water, then rub a little at a time on the scalp. You will be surprised how quickly it entirely dissolves every atom of dust, dandruff and excess oil. After rinsing, the scalp will be clean and pliant, and the hair will dry ever so quickly, with a rich sheen, and be soft, fluffy and easy to arrange.

Anna G.: You cannot expect to have a smooth, clear skin and youthful complexion if you persist in the use of powder, because the dust-like particles clog the pores and cause a rough, pimply, blotchy and oily condition of the skin. Discard powder and try this inexpensive spurmax lotion and you will be delightfully surprised with the result: Dissolve 4 ounces spurmax in ½ pint witch hazel (or hot water) and add 2 teaspoonfuls glycerine. Apply this sparingly to the skin and rub lightly until dry. The spurmax lotion imparts a velvety smoothness and exquisite tint to the skin and rids it of impurities and unnatural conditions. It is especially nice for hot weather use, as it does not spot nor streak from perspiration and is invisible when on.

Rena W.: Inflamed eyes greatly detract from physical charms, and unless this condition is corrected it may be necessary to wear glasses. Make up and use this inexpensive, harmless eye-tonic: In a pint cold, clear water dissolve 1 ounce crystos, then place 2 or 3 drops in the eyes daily. This quickly reduces inflammation, stops the smarting and gives to dull eyes a remarkable brilliancy. You will find it fine for granulated lids and removing foreign particles.

WHAT WE WEAR.

Cretonne and denim are being used extensively in making all sorts of fancy bags for the housewife's convenience.

Tiny bows of black velvet are effective trimming for lace and net waists.

A dress made with surplus waist and tunic or overskirt is becoming to most women and not difficult to make.

A slip-on dress that opens coat fashion at the center front and is adjusted by patent fasteners may be made of any summer material and is most useful for the busy woman.

Broad-brimmed, flat-crowned hats are well liked this year.

A hat of pliable Manila braid with a rolled brim, which may be turned down, would make a satisfactory hat for summer outing.

Two-toned bone buttons, in blue and white, or the crystal buttons, are exceedingly good-looking when combined with dark materials for suits.

In a white serge suit, the buttons on the skirt, used for trimming, may correspond in color with the trimming on the waist worn with the suit.

Changeable taffetas are in good style this season and are appropriate for special occasion dresses in warm wether.

Collars cuffs and bandings of many exquisite gowns are finished with Venetian lace.

WHEN TRAVELING.

The girl who goes on a summer visit with little baggage and a small purse often finds herself feeling very soiled and crumpled before many days are over. Especially is this the case when the holiday takes the form of a little tour abroad. It is difficult and expensive to get washing done, and much b[illegible]e is out of the question, yet the strenuous round of sightseeing has its effect on one's clothes, and the fact of being among strangers does not in the least make lack of daintiness excusable or more easily endured.

A great friend at these times is a spirit iron. Its cost, several dollars, may seem a considerable item in the outfit, but will soon be repaid in comfort, and there will be no temptation to rush out and buy (often quite unsuitable) blouses or scarfs to substitute for the original crumpled supply.

A muslin blouse, a jabot or a few fine handkerchiefs are easily washed out in one's own room.

A bottle of soap jelly, and another of gum water should be brought from home. This is made by dissolving gum arabic crystals—two ounces to a pint—in hot water. It serves instead of starch for the muslin things, and besides can be used to freshen up chiffon and gauze scarfs and veils.

EX-COUNCILMAN HAUSS IS DEAD

Well Known Heating Contractor is Victim of Cancer.

WAS FRATERNAL MAN

Daniel F. Hauss, aged 50 years, 3 months and 8 days, the well-known contractor, died at 7:30 o'clock this morning at the family residence, 1410 Webster

DANIEL F. HAUSS.

street. Mr. Hauss' death was due to cancer of the face, from which he had suffered since last October. His condition became critical only a short time ago.

Mr. Hauss was born and reared in Fort Wayne and had lived here all his life. He received his early education in the public schools of the city. After leaving school he started work at the heating business and about fifteen years ago went into business for himself. Mr. Hauss served as councilman from the Fourth ward from 1903 to 1905 under Mayor Berghoff's administration.

The deceased was well known in local fraternal circles and was a member of Sol D. Bayless lodge, F. and A. M., and of the local Scottish Rite bodies, of the Knights of Pythias and Foresters. Surviving besides the wife he leaves the mother, Mrs. Susan Hauss, two brothers and two sisters—Fred and David Hauss, of this city; Mrs. Henry Hermiller, of this city, and Mrs. P. D. Philen, of Mt. Carroll, Ill.

Funeral services Friday afternoon at 2 o'clock from the Scottish Rite cathedral.

The Great 3d Section of the Long-Lost, Original

BRADY War Photographs

Now Ready

DON'T miss this opportunity of securing the 3d Section of a wonderful series of reproductions of Brady Photographs, taken on the actual fields of battle, just 50 years ago. In this section you will find a colored frontispiece "The Battle Between the Monitor and Merrimac,"—pictures of "The Men Who Fought With Worden," "Farragut, the Commander of the Fleet at New Orleans," "The Sailors Who Dared, on the Hartford, after Passing New Orleans," etc., etc.

Then there's a picture of "Prof. Lowe in His Balloon at a Critical Moment," and the Photograph be recognized 48 years after. There are 32 pages of these wonderful photographs. Some taken inside the Confederate lines, others with the Unionists. In them the valor of the Blue and Gray are revealed in stirring scenes on battlefield and on sea, and each one is further vitalized by a detailed and authentic description.

10 Cents Expense Money Secures Section 3

One Section Issued Each Week for 16 Weeks—The 16 Sections Forming a Complete Illustrated History of the Civil War

Every patriotic American home should have this magnificent and timely collection. It is a lesson in patriotism that the children will never forget, and for young and old it is a constant source of interest. Each of the sections is complete in itself, telling the story of some great battle—while the accompanying pictures, clear, distinct, beautifully printed, are marvelous, when we realize that they were taken on the battlefields of 50 years ago. Each scene or group is so clear and sharp, that often veterans look unexpectedly into the faces of old-time comrades, or perhaps it is a father or a brother whom one can find just as they looked in those heroic days.

SPECIAL NOTICE

The Sentinel has secured the exclusive rights in this city to distribute this most famous series of war-time photographs and we invite everybody in Fort Wayne and vicinity to obtain this wonderful work for themselves.

We are proud of this opportunity to place in the patriotic homes of this city the priceless collection of Civil War Photographs and delighted to present them to everyone—subscribers or non-subscribers—who applies promptly.

But do not delay. This remarkable offer has resulted in an unprecedented demand. We cannot reserve copies, and our supply is necessarily limited. First come—first served.

Section 3 Contains Complete Narratives of Two Great Campaigns

1. The March up the Peninsula and the Struggle for the Confederate Capitol. The Battle of Fair Oaks. Richmond in Sight of the Enemy.
2. The Campaign in the Shenandoah Valley, from which "Stonewall" Jackson, the Quick-Marching Confederate General, threatened Washington.

Besides photographs taken on the scenes of conflict, and detailed and authentic descriptions of scenes and persons represented.

BOARD OPENS UP A WAR ON WEEDS

Notices Sent Out and Property Owners Are Expected to Heed.

NOTES OF CITY HALL

Dr. Eric Crull and his force in the board of health office opened up today the summer warfare against weeds and notices have been sent out and property owners are required to heed them or pay fines.

The notices explain that the property owners are required to see that weeds are cut on their premises and that they are also compelled under the law to keep them out of half the streets in front of their property and half the alleys in the rear.

An early start in the matter is expected to bring good results and the officers say that if they are forced to file affidavits they will insist on fines in the city court instead of the leniency that has been shown in former years.

Contract is Not Ready.

City Attorney Harry G. Hogan has been notified that the contract with the Pennsylvania company for the vacation of Chicago street and the others included with it, a right of way under the tracks at Harrison street and the erection of a new depot will not be ready to submit to the city council tonight.

There will be an election of a school trustee to succeed Jesse MacBeth whose term will expire in August and no opposition to his re-election had developed up to late this afternoon.

A New Market Master.

William R. Brown, city market master who suffered an attack of apoplexy a few days ago, has tendered his resignation and the board of safety will probably make a new appointment tonight. There is a plan on foot to combine the duties with some other position in the city hall so that a man can be paid a living salary for work on the market.

Bord of Works Routine.

The board of public works has adopted a resolution for the widening of Spy Run avenue from Superior street to the bridge over St. Mary's avenue. It is proposed to add ten feet to each side which will affect the property of Ben R. Barva on the est and Louis A. Centlivre on the west. Both objected and Mr. Barva says he will have to make some alterations in the plans for a building he has started. The board said he had taken out no permit or he would have been notified of the intended action.

The contract for paving Superior street from Wells to Calhoun and Wells street from Superion to the bridge was awarded to the Moellering Construction company and brick was named as the material.

CLOSED FOR FUNERAL.

Indianapolis, Ind., June 11.—Headquarters of the Indiana G. A. R., in the state house, were closed today for the funeral of Captain Swigart, the department commander, who died at his home in Logansport last week. Practically all living past department commanders will attend the funeral.

The Sentinel is requested to state that the John Blakely arrested yesterday for drunkenness is not the gentleman of that name residing at 1903 Webster street.

MAN'S BODY IS CUT INTO BITS

George Pitt is Killed by Pennsylvania Train at Adams.

HAD WORKED AT POE

The mangled remains of George Pitt, a foreigner, who for a time was employed at a gravel pit near Poe, this county, were picked up about 5 o'clock this morning in the Pennsylvania tracks near Adams station, four miles east of Fort Wayne. The man had been hit and instantly killed by westbound Pennsylvania passenger train No. 25, due in Fort Wayne at 3:25 this morning. The body was horribly mutilated and was identified by means of a receipt for rent of a postoffice box at Poe, which was found in his coat pocket.

Engineer C. H. Platt and Fireman E. A. Payne, in charge of No. 25 did not report an accident and were unaware that they had struck the man. Engineer Campbell, of train No. 5, passing the place of the accident more than an hour later saw the body and reported to headquarters. An examination of the engine of No. 25 was conducted and when human flesh and hair was found on the wheels, a special train was sent to get the man's body.

Parts of the remains were still warm when the special crew reached the scene of the accident, a short distance east of the Piqua crossing. Parts of the body were taken to the Getz & Cahill morgue at 6 o'clock and at 10 o'clock employes of the railroad returned with still more sections of the unfortunate man's body.

In the man's coat pocket were found one dollar's worth of two-cent postage stamps, an Elgin watch, a knife, fifty cents in money and a postoffice box rent receipt signed by Postmaster Joseph L. Cartwright, of Poe. A purse which was found was literally ground to pieces and the metal parts flattened on the rails. The man's legs, arms and hands were severed from the body and the entire top of his head was ground to a horrible mass of blood, flesh and bone.

Communication with the postmaster at Poe brought information that a George Pitt applied at the postoffice a few days ago and in broken English asked to purchase two 50 cent postage stamps. He was sold $1 worth of two-cent stamps instead. Mrs. Cartwright, wife of the postmaster, who answered the telephone call, stated that the man had been working with other foreigners in a gravel pit at Middletown, two miles from Poe, and had quit a few days ago to accept employment on a beet farm in the neighborhood. She stated that he could scarcely speak English, but wrote very ably in Latin.

Had Railroad Check.

Among other things found on the man's person was a railroad check, similar to those issued by passenger conductors on the Pennsylvania lines. There is no date on the check and it is considered probable that the unfortunate victim may have fallen from the train which killed him. Coroner Kruse will examine members of the crew of the train in an attempt to learn whether or not the man was a passenger. When the passenger train drew into Ft. Wayne this morning no accident was reported and no blood was noticed on the pilot of the engine.

The accident occurred two miles or more from the nearest station and at this date nobody has been found who knows the man well enough to explain why he was on the railroad at the place of the accident at 3 o'clock in the morning.

AUTO CRASHED INTO A WAGON

Serious Accident to Bluffton Party Returning from Fort Wayne.

TWO WERE INJURED

(Special to The Sentinel.)

Bluffton, Ind., June 11.—In an automobile accident which occurred at 2 o'clock this morning on the Bluffton road, about five miles northeast of Bluffton, Miss Grace Wright, of this city, had her collarbone broken and was rendered unconscious, and Samp. Millington, a farmer of the county, had the ligaments of one of his shoulders badly torn. Although seriously hurt, the injuries of neither of the patieints will prove fatal.

The accident occurred as the result of the automobile in which Miss Wright was riding crashing into the rear end of the wagon of which Mr. Millington was the occupant. In the auto, a five-seated Ford, with Miss Wright were Miss Pearl Brenlinger and Messrs. Dean Byerly, Sylvester Swick and E. R. Wright, of this city.

The auto party was returning home from Fort Wayne, where during the evening they had attended the graduating exercises of the school of nursing at the Hope hospital, Miss Grace White being a pupil there. Mr. Byerly was driving and in the seat with him was Miss Wright.

When the auto crashed into the rear end of the wagon, the latter was overthrown with Mr. Millington, the driver, thrown under it. The auto was turned and ran into a ditch at the side of the road. When the crash came Miss Wright and Mr. Byerly were pitched forward into the wrecked wagon. Of those in the auto only Miss Wright was seriously injured. She was unconscious for a time, but both she and Mr. Millington will recover. The auto was quite badly mashed up in the wreck. The owner is E. R. Wright, of this city.

Shortly after the party left Fort Wayne the lights of the machine went out and it was found impossible to relight them. Absence of lights is believed to have caused the accident.

ARRESTED 200 TIMES.

New York, June 11.—James Downey, sixty years old, of No. 52 Hicks street, was committed to the workhouse for six months by Magistrate Reynolds in the Butler street court, Brooklyn, on the charge of intoxication. Downey told the court that it was like going on his vacation. Magistrate Reynolds asked how many times he had been arrested. He said he had lost count, but thought it was about two hundred times.

NOTICE!

All Yeomen No. 1405 will meet Saturday night, June 15, and will meet every Saturday night thereafter. By order of Honorable Freeman Francis Vance,

THINKS SHE CAN FIND HAPPINESS

Mrs. Curliss Evidently Has Much Faith in Wedlock.

GETS A LICENSE

That Mrs. Martha Curliss evidently believes in peace and happiness in wedlock and that she probably thinks the third time's a charm is shown by the fact that she was granted a license today to marry Andrew W. Mowery.

She gave her age as sixty-four and stated in her application that she had been twice married and twice divorced. The licenses issued today are as follows:

William C. Zink, 23, painter contractor, and Helen L. Eble, 20.

Joseph V. Rockhill, 30, farmer, and Theresa E. Bushman, 22.

Andrew W. Mowery, 52, farmer, and Martha Curliss, 64.

William S. Blume, 23, farmer, and Georgia H. Martin, 23.

Samuel G. Parr, 24, fireman, and Grace M. Orr, 20.

David Falb, 43, blacksmith, and Marie Klingman, 38.

Frederick H. Piper, 27, driver, and Pauline K. Schneider, 28.

Enters Suit on Policy.

Anna J. Fitzsimmons has entered suit through Leonard, Rose and Zollars to recover $8,000 on a policy carried in the Aetna Life Insurance company, of Hartford, Conn., by her husband, Arthur N. Fitzsimmons.

Damage Suit is on Trial.

A suit for $10,000 damages brought by Rebecca Eady as administratrix of the estate of Philip Eady, against the city of Decatur, was placed on trial in the circuit court today. She demands $10,000 for the death of her husband, who was killed by coming in contact with a heavily charged electric wire.

Sued Wrong Parties.

A superior court jury today returned a verdict in favor of the city of Fort Wayne, Henry Hachmeier and Henry A. Kanning in a suit for damages instituted by Harry J. Wilson. Hays, Dickman and Hanna, who represented Wilson, sued the wrong party. A sub-contractor had charge of some work and left a pile of dirt in the street and Wilson says he ran into it and was thrown from his bicycle.

Royal Neighbors drill team will give an ice cream social tomorrow night at the corner of John and Buchanan streets.

LOCAL FORECAST.

Fort Wayne, Ind., June 11.—For Fort Wayne and vicinity: Local showers late tonight or Wednesday.

GENERAL FORECAST.

Washington, June 11.—For Indiana: Showers tonight and probably Wednesday.

For Ohio: Increasing cloudiness probably followed by showers late tonight or Wednesday; warmer east portion tonight.

For Lower Michigan: Showers tonight or Wednesday.

Summary of Weather Conditions.

A moderate storm in the northwest has given some scattered showers from Minnesota and Iowa westward to the Rockies, but from the Mississippi to the Atlantic fair weather has prevailed. Some heavy rains are reported from Florida. While somewhat warmer weather is reported this morning from most of the central states, cool weather for the season continues over most parts of the country; the maximum temperatures of yesterday were not above 80 degrees over the northern half of the country.

The storm in the northwest will move eastward across the lake region, and will probably give some local showers in this section late tonight or on Wednesday.

Adam Hentzler, of West Main street, was run down and slightly injured last night on West Main street. The driver of the auto that struck him did not stop but the police have the number of the license tag.

DID NOT ACCEPT THE WORK.

Sidewalks at Broadway Tunnel Not Satisfactory to the Board.

Members of the board of public works and City Engineer Frank Randall made an examination of the work done by Trippeer & Sou at the Broadway tunnel and declined today to accept it until the sidewalks have been put in condition. The cement work on the face of the retaining walls looks good but it will not be accepted until it is demonstrated that it is in accordance with the contract.

Sam Geake, of West Jefferson street, who underwent a serious surgical operation at St. Joseph hospital a few days since is doing nicely.

Boys playing with matches in a barn at the rear of the Keely Brewing company's warehouse at Fairfield avenue and the Wabash tracks set fire to a pile of straw at 12:30 o'clock this noon. Departments from Nos. 5 and 8 engine houses responded to the alarm and arrived in time to extinguish the blaze before any damage was done.

BASEBALL ATHLETICS

STRONGER TEAM READY TO TACKLE FORT WAYNE CLUB

Zanesville Players in Better Shape and Dick Grefe Adds a Lot of Strengh to Infield.

(Special to The Sentinel.)

Zanesville, Ohio, June 11.—Although there is no excuse to offer for the defeat of the Fort Wayne club in the opening game here except that Jack Pendry and his Potter crowd played the better ball, it is a fact that Fort Wayne tackled a much stronger club than it met on the home grounds and if a pitcher or two can be found to add to Zanesville's staff the club will be a contender in the race.

Bill Hillinger has recovered from the charley horse that was bothering him when he was in Fort Wayne on the first trip of the season and is hitting and running bases better. Dick Grefe is a great improvement over Hugo Swartling at first base as he can hit much better and while he is not as graceful as a fielder he knows more base ball and has braced up the infield wonderfully.

He has also injected new life into the squad as he has restored harmony, which was the thing most needed. Fort Wayne put up a rattling fight for the opening game and staged as good base ball as has been seen here this season and the battle was marked by that determination that has made the Billikens of this season a most dangerous opponent until the last man has been retired in the concluding inning.

As indicated by the score of six to five the Fort Wayne band was as full of fight in the ninth as it was in the first and some excellent ball playing on the part of the Potters was necessary to stop a rally that threatened Commander Pendry and his crew.

One feature of the game and a thing that has stood out prominently since the opening of the present trip, is the batting of Bill Clancy, who has been shunted back into the "clean-up" position and who is making good there. One of his efforts of the first Zanesville game was a three-base hit that opened the ninth and that netted a run, but his pards could not follow up his lead and a hot game went the wrong way.

Just who will do slab duty today is a question. Londell is the man if the regular turns are followed, but to change the luck Manager Frank Shaugnessy may send in Harden, as he thinks the presence of a new pitcher may brace the club up.

Although only one or two really bad games have been played on the road the club is apparently getting the worst of the break in luck and this has had more to do with the defeats than any other element. For this reason the men are not discouraged and they believe they can play as good base ball as any of the clubs they have met on the trip. A short run of victories will put the team up in the first division, as Youngstown in the lead of the league has won only eight games more than Fort Wayne.

Beiersdorfer was responsible in a great measure for his defeat yesterday by reason of pulling the only error that was injected into the game and it counted heavily against him. Vandagrift's single on a hit and run play after Blount had reached first on a safe drive sent the speeder to third and a pass to Shaughnessy filled the bags with nobody dead.

Big Bill Clancy landed hard on the ball and it looked like the drive would clean up the bases, but Rogers nipped the ball and allowed only one run, which was scored by Blount after the ball had been caught. Vandagrift moved to third on the throw to the plate and scored on Martin's out. A pass to Reilly, his steal of second, Crowder's sacrifice and Pendry's double, followed by singles by Grefe and Rogers tied the count in the Zanesville half.

Huston hit for a double in the second and Reilley's single sent him over in the second and Fort Wayne hooked up in the third when Shaughnessy was passed and scored on hits by Clancy and Fabrique. Beiersdorfer's hit and Shaughnessy's double counted for Fort Wayne in the fourth and a passed ball and singles by Huston and Crowder netted one for Zanesville.

The break came in the eighth when Crowder hit and stole second. Pendry bumped a short single that sent the runner to third and Beiersdorfer's error gave the local manager second base. Crowder scored on Grefe's single, Pendry was forced at the plate on Hillinger's grounder and, when he tried to take second Grefe scored while he was being run down.

CLOTHES CARE.

Best dressing does not always mean buying the most clothes. It more frequently means simply spending a little more with the dry cleaner that would otherwise go for new clothes.

Good, well made garments are more often discarded because they are soiled and mussed than because they are worn out. Spotted, out of shape clothes are not presentable even if a little worn.

But, by taking frequent advantage of our French Dry Cleaning and pressing service your clothes can be kept looking and fitting just like new until worn out, and their useful length of life is frequently thereby doubled.

PITCHER HUNT KILLED.

Formerly Member of Fort Wayne Club and Semi-Pro Player.

Lou J. Hunt, at one time a member of the team that represented Fort Wayne in the Interstate league club that played here in 1906, and a resident of Portland, Ind., was killed at Fairmount, W. Va. He was employed as shipping clerk in a mine and was caught in the machinery and crushed to death. A widow and four children survided him. He had practically retired from baseball but was coaching the Normal school team at Fairmount.

T. AND C. LEAGUE NOTES

Waterloo will play the Shamrocks at League park June 16. Tobias, who was for a time with South Bend, will pitch for the visitors. Waterloo beat the Kendallville team on its own grounds Sunday, and expects to repeat here. The Shamrocks are playing good ball, and will give Tobias and his crew a strenuous afternoon.

Columbia City will play at Kendallville next Sunday. Auburn will play at Garrett, where the new park will be opened.

Big Alva Spangler has been signed by Garrett. More new men will be secured, as Garrett is out to make a showing in the Trolley league.

Don't fail to see the pupils of Sacred Heart Academy present "Scenes from the Old Curiosity Shop," at their commencement exercises on Wednesday, June 12th, at 2:15 p. m. Majestic Theater. 10-3t

CAR WORKERS WITHDRAW.

Leave Local Federation Until Settlement of Pending Agreement.

The local Car Workers' union withdrew from the local Federation of Labor at a meeting of the latter organization Monday night. The local's connection with the central body will continue until disagreements between the International and the International Brotherhood of Car Men are satisfactorily settled.

W. F. Worland, of Piano Workers' union No. 3, was elected one of the trustees of the Federation, succeeding J. W. Close, of the Printers' union, who left the city. E. T. Drew, of the Painters' union, will succeed Mr. Close on the Labor day committee.

A communication from the American Federaton of Labor was presented, urging union men to vote for all union candidates at the November election. Communications from Senator Benjamin F. Shively and Congressman Cyrus Cline, commenting on resolutions adopted by the local Federation, were presented. The resolutions referred to requested a senate investigation of the cost of production, transportation and sale of coal.

BOY REWARDED FOR BRAVERY.

Stops Bankers' Train as It Approaches Burning Trestle.

Princeton, Ind., June 11.—Plowing in a field, a boy whose name was not learned discovered a Southern railroad trestle afire and heard a train approaching. He ran up the track, waving his hat, and stopped the trin, which proved to be a special on which the bankers of group 8 of the State Bankers' association, which was in session here, were making a sight-seeing trip. Superintendent Brown, of the Southern road, was on the train and gave the boy a cash reward.

TRAP SHOTS ARE COMING IN FALL

Another Meeting to Be Held in Fort Wayne Next September.

MEETING A SUCCESS

Another registered target tournament will be held at Germania park in Fort Wayne in September under an arrangement completed at the close of that of yesterday, but the exact date was not fixed. Success attendant upon the meeting held here and the efforts of Dr. Guy Emrick, president, and W. H. Scherer, secretary, to make the stay of the crack shots pleasant, induced them to choose Fort Wayne for another gathering.

Following a wonderful record Sunday when he broke 98 out of a 100 clay pigeons and made a count of 80 straight, Max Witzigreuter fell down in his work yesterday and broke 134 out of 150, but he led the Fort Wayne marksmen with that score. Weigman was next and Scherer followed him.

Hontz, of Cromwell, was the champion in the amateur class and he was only four birds behind J. R. Taylor, of Columbus, who led the professional division. He was steady all the way through the match. The club shoot drew a fair crowd to the park. The scores are as follows:

LADIES CAN SEE THE RACES FREE

Amateur Drivers Want to Add Tone to Their Cards This Season.

MEET ON SATURDAY

Most any athlete will agree that there is nothing like the clapping of small gloved hands, the encouraging cheer of female voices and the knowledge that there is in the crowd of spectators at least one feminine heart that beats faster as he nears the goal to spur man to greater action and with this in view the directors of the Fort Wayne Amateur Driving association have lifted the embargo on women and will admit all of them free to the speed exhibitions of the summer.

This is just too perfectly lovely of the men. The club will do one other thing to encourage the sport. Everybody will be permitted to enter the grand stand free of charge and spectators will be done digging down in their pockets after they pass the gates if they can keep out of the way of pop-corn and hot wiener man.

This action was taken in preparation for the next meeting of the club which will be held at the Driving park on Saturday, June 22. The attendance at the opening races of the season encouraged the promoters to try something better this time and a card of great interest will be arranged for the second meeting.

The entry list is in the hands of the classification committee and will be made public in a short time. The brass band for the Indiana school will be in attendance and will supply the music. The members of the association are interested only in paying expenses and are in the horse game for their own amusement.

TONY CRANE IS RELEASED.

Steubenville, O., June 11.—Manager Curtis of the Steubenville, O. and P. team Saturday released Tony Crane and Pitcher Riley and he signed Outfielder Sisley and Pitcher Sheets, of Connellsville.

Christmas Club

The Old National Bank Offers Easy Plan to Provide Money for Christmas

Everybody needs money for Christmas. Many people have trouble in providing a sufficient amount to buy all the presents needed when the time comes. The Old National Bank of this city, offers an easy plan to meet such a contingency. On June 17th it will start a Christmas Saving club. Members will pay in a small amount each week for twenty-five weeks and at the end of that time will receive checks for the total amounts they have paid in plus an additional 3 per cent interest. The plan is simple and systematic. There will be different classes of members. For instance, one class will start in by paying one cent the first week, two cents the second week, three cents the third week, and so on for twenty-five weeks, the last payment amounting to twenty-five cents. Members in this class will receive checks two weeks before Christmas for $3.25, with interest, or they may reverse the order of payments by paying twenty-five cents the first week and paying one cent less each succeeding week, which brings the last week's payment down to one cent. There will also be classes starting with two cents and five cents. Payments must be made promptly every week or in advance for as many weeks as may be convenient.

It will not only prove beneficial to grown people, but will prove very popular with young people. It is very simple and the details are easily understood when explained. Everybody is welcome to join and the Old National Bank will be pleased to have those interested call and learn all about it. Those desiring to become members can join after June 17th.

Bryan Forecasts Democratic Convention at Baltimore; Says Nominee Will Be a Progressive

In Special Article for The Sentinel the Nebraskan Declares Reactionary Candidates Have No Chance—Platform Depends on Who Republicans Nominate—Clark or Wilson Probable.

By William Jennings Bryan.)

(Copyright, 1912, by the Newspapey Enterprise Association.)

The course of the democratic convention will be largely shaped by the action of the republican convention. The democratic platform will set forth the democratic side of the issues presented at Chicago. For instance, if President Taft

W. J. BRYAN.

is renominated a considerable portion of the platform will be devoted to pointing out and emphasizing the difference between the president and congress on the tariff question. His administration will be condemned for its sins of omission and commission and an appeal will be made to progressives to join in administering a fitting rebuke to the administration.

If, on the other hand, Mr. Roosevelt is nominated, the paramount issue will be the third term—shall the traditions of the nation be overturned? Shall we embark on the road to a dictatorship? Shall we intrust the power and patronage of the presidency in the hands of a man who might use it to keep himself in power for life?

The third term issue is no trivial thing—the protest against it is not an idle cry of alarm. A dictatorship is the one danger which threatens republics. Because of the intelligence of our people the danger is less here than elsewhere, but it is not a danger that we can afford to invite even here.

No one who has had experience in public affairs is indifferent to the fact that a president has several hundred thousand officeholders who can be coerced into activity in his behalf; he has an army that is obedient to his command (and the standing army has been doubled since ninety-six) and battleships whose guns can overawe our seaport cities. Given the desire to establish a dictatorship, and the man in the white house has a material advantage over any rival in his own party or in any other party.

But these suggestions are by way of illustration, to show how the action of our convention will be influenced by the action of the republican convention. If a dark horse should happen to be nominated our platform would have to be written to correspond with the new conditions which such a result would create.

In the selection of candidates, also, our convention cannot escape from the influence that will be exerted by the republican nomination. The democratic nominee will be a progressive—that is already settled. No reactionary could be nominated now, even if the republican situation did not forbid action on our part. Mr. Clark and Mr. Wilson, both progressives, will have, together, more than a majority—possibly two-thirds—of the convention. While a few reactionaries may be included among their delegates the number cannot be great enough to give any hope to those democrats who are hostile to progressive ideas.

Governor Harmon will have all his own state, Ohio having adopted the unit rule, but to carry his state by 11,000 majority out of nearly 200,000 votes cast, and receive less than one-fourth of the vote he received when he was elected governor, gives him no standing in a national convention. The progressives elected nineteen district delegates in Ohio—more than twice as many delegates as Mr. Harmon has secured in all the states outside of Ohio.

Mr. Underwood, the other reactionary candidate, did not allow his name to go before the people in forty-two of the forty-eight states, and he carried only four of the states in which he was a candidate—his own, and three that bordered on it. In the three neighboring states he had a spirited contest and his majority was not large enough to emphasize his claims.

If these two men, selected from among the reactionaries as the two most popular of the men holding their views, have made so poor a showing, what dark horse of the reactionary type would have a chance to secure a nomination at the hands of a progressive convention?

While neither Clark nor Wilson has enough votes to make his nomination certain, the chances are largely in favor of the nomination of one or the other of them. If they differed radically in the standpoint from which they view public questions, the contest between them might bring out a compromise candidate, but their supporters have rivaled each other in praising their progressiveness.

The one question which has been asked—and the answer to it has decided the complexion of the delegates in most states—is: Which of the two is the better progressive? Which one can be most fully trusted to carry out the principles and policies to which the democratic party has been committed for sixteen years?

There cannot be a bitter fight between two such candidates, and if one, whichever one, finally withdraws, the other is quite sure to get his votes.

Instructions will bind wherever they have been given—the convention would hardly permit instructions to be violated—but we must expect some influence to be exerted by the public opinion which will express itself after the republican convention has acted. The democrats are anxious to win, and while now it seems almost impossible for them to lose, no matter who is nominated by the republicans, still the delegates to a national convention are usually men of caution as well as men of enthusiasm and some of them have ambition. They want the strongest man nominated, and they will sacrifice their personal choice when convinced that someone else is more available. Then there will be a great many unofficial visitors, and they will have their influence in moulding opinion.

The men who attend a national convention are the more active men in politics, many of them candidates for local offices. They realize that the national ticket can aid or hinder the campaign in states and counties, and, other things being equal, they are ready to shout for the man who, in their judgment, will poll the most votes. This public opinion, while it cannot affect the instructed vote, may have a determining influence on the uninstructed vote, and this uninstructed vote may determine the result if a considerable majority of it is thrown to one or the other of the two men now in the lead.

The conclusion is, therefore, that either Clark or Wilson will be nominated, unless some contingency, now unforeseen, arises; but the Chicago convention may go a long way towards determining the relative availability of these two candidates.

WILL SWAT, TRAP AND KILL FLIES

Civic Organization Formed to Plan New Method to Kill.

YOUNG MEN UNITE

Terre Haute, Ind., June 11.—A movement has been started by the civic committee of the Young Men's Business club in several civic organizations by which it is expected to lay siege to the trap and kill the flies in their breeding of the insect. "In the past we have been screening our houses and using fly paper," said Clarence Royse, chairman of the committee. "Now we propose to trap and kill the flies in their breeding places. Flies travel only a few hundred yards, and if all the people in a given block are enlisted they may put an end to the disease breeder."

When the young son of Prof. C. F. Hodge, of Worcester, Mass., asked his father, "Why not put flies in jail and let ourselves out?" the professor was led to invent a trap, which he has not patented, and which can be bought for fifteen cents in lots of a thousand or more. They are to be placed over garbage receptacles and like fly breeding places. In Worcester 16,267,088 flies were caught in two weeks in a campaign conducted by children, and the prize winning boy had 1,218,000 to his credit.

The trap is an opaque cone which contains the bait. The fly, attracted by the smell, crawls inside the dark opening at the bottom. When it gets ready to leave it rises to the lighted top, in which there is a hole, and goes through it into the trap proper. It will not try to escape by the hole, because it opens into the dark bottom, and, flylike, it stays in the lighted space.

Mrs. Lela Love, wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I cheerfully recommend them to all sufferers from kidney troubles." Foley Kidney Pills are as carefully made and as scientifically compounded as any medicine your home doctor can give you. They act directly on the kidneys and bladder. Dreier Drug C..

An official of the Canadian Pacific railway says that of the $10,000,000 worth of land sold last year, 85 per cent was taken by farmers who came from the United States.

HELPED TO KEEP DOWN EXPENSES

Mrs. J. E. Henry, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle, and they saved me a big doctor's bill." For weak back, backache, rheumatism, urinary and kidney troubles, use Foley Kidney Pills. They help quickly. Dreier Drug Co.

MIDDIES MUST SHAVE.

And Board Wants Them to Use Their Own Razors in Task.

Washington, June 11.—As a result of the death of Cadet Julian B. Bishop, at the naval academy on May 4, from blood poisoning, all midshipmen at the academy may be ordered to shave themselves.

A board of inquiry consisting of Commanders George R. Evans and G. W. Laws and Surgeon A. W. Dunbar, of the navy, are now investigating the causes leading to Cadet Bishop's being infected. When Cadet Bishop reported to the academy hospital on May 1 he said one of the barbers in Annapolis, while shaving him, had cut him. The cut was a small one, but two days later blood poisoning set in.

In addition to investigating Bishop's death the naval board of inquiry will investigate the barber shops of Annapolis, and report to the secretary of the navy on their sanitary condition.

THEY PUT AN END TO IT.

Charles Sable, 30 Cook St., Rochester, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation, coming from Mr. Sable, is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. The genuine Foley Kidney Pills are never sold in bulk, but put up in sealed bottles, enclosed in a yellow carton. Ask for Foley Kidney Pills. Refuse substitutes. Dreier Drug Co.

A CARD.

This is to certify that Foley's Honey and Tar Compound does not contain any opiates, any habit forming drugs, or any ingredients that could possibly harm its users. On the contrary, its great healing and soothing qualities make it a real remedy for coughs, colds and irritations of the throat, chest and lungs. H. L. Blomquist, Esdaile, WWis., says his wife considers Foley's Honey and Tar Compound the best cough cure on the market. "She has tried various kinds but Foley's gives the best result of all." The genuine is in a yellow package. Ask for Foley's Honey and Tar Compound and accept no substitute. Dreier Drug Co.

ABUNDANT FLUFFY HAIR IS IMPOSSIBLE IF YOU HAVE DANDRUFF

How often do we hear or see this expression used in describing a beautiful woman!

Denude that head of hair and instead of a queenly, royal bearing we have a fright. The hair makes all the difference. To have that glorious abundance of radiant hair which always crowns "a regal head," one should use Newbro's Herpicide.

Herpicide represents the last word in scientific hair culture. It destroys the dandruff germ, checks falling hair and corrects generally, diseases of the hair and scalp.

The positive results and its delicate but refreshing odor recommends Newbro's Herpicide to ladies of refinement everywhere.

Send 10c in postage for sample bottle of Herpicide and booklet to the Herpicide Co., Dept. R., Detroit, Mich.

Newbro's Herpicide in 50c and $1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications made by the best barbers and hair dressers.

FOREMEN HAVE A CONFERENCE

Car Shop Bosses Gather Here to Exchange Notes About Work.

FRANK OSWALT IN PAINFUL ACCIDENT

Rare Presence of Mind Saved His Life, But He Lost a Toe.

The foremen of the car shops of the Pennsylvania Northwest system are holding a meeting in this city today, discussing matters of interest to the work they are engaged in. Master Car Builder James A. Graham, of the Western division, is the chairman of the meeting. The other participants in the meeting are George E. Grice, of Allegheny; E. A. Knight, of Conway; Fred Kroff, of Chicago; E. E. Alton, of Wellsville; S. Bliss, of Ashtabula; M. A. Mienhardt, of Chicago; J. Rischman, of Toledo; J. Schaff, of Crestline, and John T. Allen, of Fort Wayne. The only car shop foreman not present is A. C. Hale, of Cleveland, who is detained at home by important business. The meeting is being held in the committee room, back of the planning mills.

ONLY A SECTION HAND,

But He Gave His Life That Others Might Live.

In publishing an account of a railway accident in New Haven, Conn., the Journal-Carrier, of that city, pays the following tribute to the victim:

"Tony Donatto was an unknown name in this city Monday, unknown that is to all but those who knew him in his social and work-a-day world. Today, he stands forth as a hero, a man who gave his life that others might be saved. The story is the more impressive because of its simplicity. There was no brilliant stage setting. He was at work with his fellows upon the tracks of the New Haven railway when the warning of the approach of a fast express train was given. The men jumped away, but he went back to remove a tie that had carelessly been left on the tracks and would have wrecked the train with a probable heavy loss of life. The act cost him his life and deprived his family of his support. No more impressive sacrifice can be conceived of, and no additional words are needed to bring it home to a generous world. It should become, as it doubtless will become, the gentle duty of the corporation to see that his family never come to want, or lack the protection the victim of his own sense of duty afforded them."

JOE WOOD QUITS MEXICO.

Joseph Wood, for nearly a quarter of a century employed as a locomotive engineer in Mexico, is here visiting his relatives. He will probably never return to the throttle of a Mexican engine, for he is thoroughly disgusted with the disturbances that prevailed in that country the past two years. Mr. Wood may go to South America, though he has not fully decided on that question. Before going south Engineer Wood ran an engine on the Wabash and later on the Nickel Plate road. While in the employ of the latter company his fireman was William Bracht, now the general stationary engineer at the Fort Wayne Electric works.

STUDENTS COMING TO 'LIGHTS.

Within the next four weeks eleven of the young men who graduated from Purdue university this month will enter the Fort Wayne Electric works to take the students' course. This course is for the purpose of giving the practical experience, without which the theoretical part of electrical engineering received at the university is of no special benefit. Some of these students will arrive next week and the others will arrive some time before July 15. They will report to Harvey E. Crane, assistant treasurer and the head of the construction department.

TWO LABORERS INJURED.

Ora Tace had his left hand badly burned by iron splashing out of the crucible and striking the member while he was at work in the Bass foundry yesterday afternoon. George Pedron sustained a painful injury to one of his eyes as he was at work at the foundry yesterday afternoon. He was chipping casting when one of the chips flew in the optic. Both men are laborers at the foundry. They will be able to resume work in a few days.

RECEIVE MORE NEW ENGINES.

This morning two more new passenger engines, Nos. 672 and 673, arrived at the Wabash shops, making four of this class—the Pacific type—received on an order for six. The other two are on the road and will reach the city this week. These engines are from the Baldwin Locomotive works and are a late design of passenger locomotive. They will be connected up and put in serviceable condition at the shops in this city.

POND LILY GOES ON FRIDAY.

An item in The Sentinel last evening, concerning the time table the Grand Rapids and Indiana road will put into service Sunday, June 23, was misleading so far as it related to the "Pond Lily," the Rome City cottagers' train. The train goes into service this week and will leave the city on its first trip at 5:30 o'clock Friday evening. It will run daily until the close of the resort season, except on Sundays.

LOST TOE, BUT SAVED LIFE.

Conductor Frank Oswalt, of the interurban line, lost a toe in a peculiar manner Saturday afternoon. He was throwing a switch in Andrews when his foot was caught in the "frog" and held securely for awhile. When the car commenced to move toward him and Mr. Oswalt saw that death would be his fate if he failed to release his foot, he put all of his energies in one mighty effort and the result was that the shoe came off and with it one of his toes. He was taken to Wabash, where his injuries were attended to.

JANITOR GERKINS SICK.

Ernest Gerkins, janitor at the Pennsylvania motive power offices, was taken suddenly ill last night and is unable to perform his duties. Mr. Gerkins has served in the capacity of janitor at the motive power offices ever since they were established in Fort Wayne, about thirty-two years.

CARPENTER CUTS WRIST.

While handling a headlight at the Wabash shops this morning Fred Doehrmann accidentally broke the glass and a fragment cut a gash across the inner side of his right wrist. Fortunately the leaders were not severed and the wound does not wholly disable Mr. Doehrmann. He is a carpenter.

INDUSTRIAL NOTES.

S. Clayton Gouty, who had been sick, resumed his duties in the Pennsylvania shops this morning.

Machinist C. W. Beney, of the Pennsylvania shops, is taking a lay off to look after some private business.

Machinist Fred Romary resumed work at the Pennsylvania shops this morning. He was sick yesterday.

H. D. Hardendorf and O. H. Stocks, Pennsylvania shopmen, are sick and off duty.

T. Massore took employment in the Pennsylvania erecting shop this morning.

Dr. C. B. Stemen, chief surgeon of the Pennsylvania, attended the funeral of a relative at Ada, Ohio, today.

E. W. McMahan, night yardmaster of the Wabash, is off duty on account of sickness and D. E. Wolf is performing that duty.

William B. Thompson, machinist, who with his wife had been visiting in Chicago awhile, resumed his duties in the Pennsylvania shops this morning.

James E. Whyte, foreman of one of the departments at the Pennsylvania round house, resumed his duties there this morning. He had been in Chicago visiting his sister.

Albert C. McMillan, a Pennsylvania yard engineer, was called home yesterday on account of the illness of his wife. She is slightly improved today and will recover.

John and Sam Richards, of the lamp room at the Fort Wayne Electric works, have gone to Snow lake for a two weeks' outing. Henry Pageler, of the same shop, is today attending a family reunion in Ohio.

William Porsch, machinist at the Fort Wayne Electric works, is on duty again, after a week's absence on account of injuries sustained in a fall from a motorcycle.

Henry Gibson, an aged farmer residing at Poe, Ind., is quite sick at his home. He is a relative of W. H. Smith, of the Pennsylvania machine shop, who frequently visits him.

Michael Ky, Thomas Creep and Joseph Salm, laborers, took employment with the Pennsylvania this morning. Salm was assigned to the lumber yards and the others to the east car shops.

C. L. Graves, who came here from Hartford City two weeks ago to take employment in the Pennsylvania blacksmith shop resigned this morning and will return to his former home.

The steam shovel of the Wabash, which was given a general overhauling in the shops in this city, was taken to the river bridge yesterday and turned over to the Hannan-Hickey Construction company for service.

E. F. Needham, superintendent of motive power of the Wabash, and J. B. Hurley, general road foreman of engines of the same road, are in the city today, to remain until tomorrow, when they will go to Montpelier.

M. S. Willson resumed charge of the incandescent testing room at the Fort Wayne Electric works this morning. He had been off duty a week or longer on account of the illness of Mrs. Willson, who is now believed to be well on the road to recovery.

John Malone and W. L. Kress, Wabash switchmen, resumed work this morning. The former had been at Crestline, attending the funeral of his brother-in-law, and Mr. Kress had been at the lakes, enjoying a week's outing.

H. W. Bahrens, one of the old men in the gang of laborers under Shipping Foreman Martin Cramer, at the Pennsylvania shops, has been transferred to yard janitor, a much lighter work, and John Thomas has been employed to take his place with Mr. Cramer.

The Grand Trunk has granted increases of pay to its firemen. The old rates of $2 to $2.70 per 100 miles will be supplanted by a schedule of from $2.15 to $2.90. Within these limits the increase is from 10 to 30 cents per hundred miles. The monthly rates of $57 to $74 are increased to $70 and $80.

SEWED UTENSILS IN PATIENT.

Surgical Material Removed From a Nurse in Operation.

Cleveland, Ohio, June 10.—When Miss Margaret Cling, a nurse, underwent an operation for appendicitis two years ago her surgeon sewed up in her side a small sponge and a piece of gauze. Physicians this week removed the articles from her side after two more operations.

After the first operation Miss Cling kept complaining of a severe pain in her side. Because the operation for appendicitis had been successful she paid little attention to it. It was not until months afterward that her condition became alarming. Surgeons were puzzled. After holding several consultations, they decided to operate. Since then Miss Cling's condition has grown worse.

Miss Cling is 23 years old. Her home is in Akron. For the last year she has been in training as a nurse.

SHOULDER HURT IN SLEEP.

Tipton Man Attributes Dislocation to Bad Dream.

Tipton, Ind., June 11.—A. L. Hiatt, superintendent of the electric light plant, is suffering from a dislocated shoulder. He says that he must have had a bad dream and suffered the injury in his sleep, as he met with no accident to his knowledge. He is unable to perform any of his work and his physicians are unable to account for his injury.

Man With Sore Feet Spends $700.00 on Them—A True Story.

Vouched for by Levengood and Strickler; druggists of Latrobe, Pa.

"Here is one of the greatest testimonials I have ever heard.

"George Umoltis, from Atlantic No. 2, a coal plant near here bought two packages of EZO, and in about three or four weeks he came in and told me that he wanted to have it advertised, and said I am willing to pay all charges, because I want the people to know how good it is. He told me that for 7 years he hadn't stood on his feet, he spent $700.00 for doctor bills, and he only used one package of EZO, and can run and jump like a boy. He was all smiles about EZO."

Meyer Bros. Co., Four Drug Stores, sells EZO, a refined ointment for sore, aching, weary feet for 25c a jar.

HOUSEKEEPERS, Workingmen and others:

Banish Bunions, Corns, Callouses!

"BINGO" Brings Instant Relief!

Get wise—get Bingo! Stop "Ouch"-ing when people walk on your feet—don't have a corn or bunion to stand on! 'Tisn't necessary. Make a bee-line for the druggtore—this very minute—ask the man for Bingo. Take it home—put it on—say "Bingo"—pains take wings immediately! The Bingo way's the latest way—the safest, easiest, quickest way. Touch a drop or two to a corn—bingo!—it begins to shrink and shrivel. Entire corn loosens, comes out—root included—without hitch or hindrance—without aid of knife, gimlet or cuss words. Blessed relief! Now slip on your smallest shoes—go your way rejoicing!

All druggists have Bingo—or will get it. Otherwise send the price, 25c, to Dennison Pharmacal Co., 111 N. Dearborn St., Chicago, Ill., and get it direct, prepaid.

APPEARS TO HAVE HAD GOOD EFFECT

Absece of Fresh Outbreak in Cuba Pleases State Department.

MAY BE SUFFICIENT

Washington, June 11.—The absence of any fresh outbreaks in Havana has encouraged the state department in the belief that the measures already taken to show the purpose of this government to maintain order in Cuba have been sufficient.

It has been decided that there shall be no additions to the naval force now in Cuban waters unless unexpected developments make them necessary. Admiral Fisk, the ranking officer at Key West, will remain there for the present with the battleships New Jersey and Nebraska. By wireless the navy department will keep in constant touch with the first division of the Atlantic fleet after it leaves Hampton Roads with the midshipmen aboard, and it is expected that plans for the exercises of that portion of the fleet, which were interrupted by the threatening aspect of Cuban affairs, soon will be resumed.

How It Is Distributed.

The American marine force has been distributed as follows: Capt. F. L. Bradman with 100 men on the Prairie at Manzanillo; Capt. L. M. Guelick, two junior officers and 10 marines at El Cobre; Capt. E. B. Manwaring, two junior officers and 78 men at El Caro; Lieut. Col. Le Jeune, district commander, Capt. H. I. Bearse and Capt. H. F. Delano, two junior officers and 143 marines at Siboney and vicinity.

The expeditionary force in the Guantanamo district is distributed as follows: Lieut. Col. L. C. Lucas, district commander, Major H. C. Davis, Capt. A. S. Williams, two junior officers and 50 marines at Guantanamo City; Capt. C. T. Westcott, two junior officers and 100 marines at Bolona; Capt. B. W. Sibley, two junior officers and 50 marines at Las Canos; Lieut. Young and 25 marines at Boqueron; Maj. G. C. Reid and 50 marines at St. Cecilia; First Lieut. R. H. Davis, two junior officers and 25 marines at Santa Maria; Capt. F. A. Ramsey, two junior officers and 50 marines at Isabel and Capt. Logan Feland, two junior officers and 100 marines at Soledad.

QUIET IN HAVANA.

Havana, June 11.—Absolute quiet prevails in Havana today, and no news of any disturbances in the vicinity of the capital has come to hand. The government declares that no dispatches have reached it containing news from the province of Oriente.

During the night the police made many arrests of negroes who are charged with conspiracy.

This morning Admiral Osterhaus, commander-in-chief of the United States Atlantic fleet, arranged to pay official visits to Secretary of State Sanguily and President Gomez.

CURIOS FOR THE CHILDREN

One Room in Smithsonian Institution Filled With Objects of Interest to Young Folk.

Among the dim old rooms of the Smithsonian Institution, in Washington, is one very bright and cheery apartment, over the archway of which are the words "Children's Room." Here there are arranged all manner of natural objects in which boys and girls are interested, such curious things as mineral wool, flexible sandstone, landscape marbles, a model of the Great Mogul, the largest diamond ever cut, and another of the largest lump of gold ever found.

In another case are the strange glove and finger sponges and the Venus flower basket, and over a case of beautiful shells is one of iridescent and brightly hued butterflies.

How creatures hide is illustrated by "walking leaves," the night hawk, crown creepers, "walking stick" and other queer creatures that are scarce to be detected because of their clever adherence to leaves, twigs and other objects of similar coloring.

Canny Grocer.

The canny grocer sized up his customer:

She had ordered six strictly fresh eggs.

He took down the paper bag and, going to the basket, picked them out.

Twisting the top of the bag together he handed it to the woman, who paid him and went away.

The canny grocer smiled. He had given the woman seven eggs when she ordered but six.

He knew that when she reached home and found that she had seven instead of six eggs she would be so delighted with the supposition that she had overreached him that she would entirely disregard the fact that six of the eggs were storage and one was dubious!

For the grocer understood human nature. And he was canny.—Plain Dealer.

HOPE HOSPITAL COMMENCEMENT

Seven Conferred Diplomas at Twelfth Annual Event.

HAVE BIG PROGRAM

The twelfth annual commencement of the school of nursing of the Hope hospital was held Monday evening at the auditorium of the high school and George W. Beers, president of the board of directors presented the seven young graduates with diplomas. The members of this year's class are:

Nelle Belle Doane, Lima, O.; Iva Alice Lehman, North Manchester, Ind.; Irene Belle DeVenney, Warsaw, Ind.; Mildred Estelle Lambert, Detroit, Mich.; Lydia Ellen Zirkle, Roanoke, Ind.; Eva Belle Reid, Wallaceburg, Ontario, Canada; Edith Irene Myers, Decatur, Ind.

The program opened with a musical selection by Schlatter's orchestra, followed by the invocation by Rev. Edward W. Averill, rector of Trinity Episcopal church. Solos were rendered during the program by Master Ewart Clear, Clinton R. Willson, Miss Enid Johnson and Master Herbert Stephens. The obligations were administered and badges presented by Dr. Gaylord M. Leslie, secretry of the board of directors.

Dr. Charles P. Emerson, dean of the Indiana Medical college delivered the principal address to the graduates, and at the close of the exercises, a reception and dance in honor of the occasion was given at the Minuet hall by the Hope hospital alumnae.

WALKE FIRST TO LAND IN COURTS

Police After Contractors Who Fail to Put Out Warning Lights.

TIRED OF NEGLECT

Contractor William Walke is the first of the city's builders to get into the courts for failure to put red lights on obstructions left on the streets and he settled a fine of $5 and costs in the city court today for his offense and other arrests will probably follow.

He is erecting a house in the west end and had a pile of material in the street and left it unprotected. Police officers have had call after call to places where contractors and their employes had left their work in the evening without any attention to the city ordinance which requires them to put red lights on obstructions for the protection of the public and to prevent injuries that usually result in lawsuits against the city.

Requests to discontinue this practice has been unheeded and from now on affidavits will be filed in every case where the ordinance is disregarded. This action follows upon an earnest effort to remedy the matter without recourse to the courts.

FOREIGN MASHER GOT HEAVY FINE

Followed Women on Street and Carried a Revolver and Knife.

CITYCOURT DOCKET

Armed with a revolver and a big knife and carrying the unpronounceable name of Wlidice Sklidswiske a Russian who came here from Toledo went mashing last night and followed two young women on the streets until they appealed to Patrolman Fry who nailed his man and found weapons on him.

He was slated for carrying concealed weapons and in the city court today he drew a fine of $25 and costs and the sheriff was instructed to destroy his arsenal. The women started two or three times for home and every time they left Calhoun street the fellow dogged them and they were badly frightened. He gave as his excuse that he had $17 when he went to Toledo and he carried the weapons to protect it and forgot to lay them aside when he returned.

Speeders Are Fined.

Chief of Police Abbott testified that as he was returning from the country last night on the police motorcycle he gave chase to Elmer Boegli and Henry Pearson, who were riding motorcycles on Spy Run avenue and that his speedometer showed they were going thirty-seven miles an hour. Each of them was fined $5 and costs and Judge Mungovan said he will fine every driver proven guilty in his court.

The Other Cases.

Jim Woodworth was fined $50 and costs for drunkeness and got even by abusing everybody in the court room.

James Edwards, arrested a few days ago with a lot of new underwear in his possession, was held until June 15 on a charge of drunkenness. The police have been unable to find out where he got the stuff.

Joseph Edwards was fined $1 and costs for drunkenness and James Cleary got the same dose. John Sager was let go.

A case of neglecting children against Fred Robbins was continued to July 14.

BOOSTS CONSCIENCE FUND.

Illinois Woman Sends Five Cents to Pay for Stolen Shrub.

Washington, June 11.—The conscience fund of the United States treasury has been enriched five cents. The still, small voice so troubled a woman living in Ottawa, Ind., after she had surreptitiously clipped a small shrub in the capitol grounds, that she sent a letter, inclosing the five cents, directing it to "the Maryland attendant of the grounds." She said her "sense of guilt" forced her to make the remuneration, however slight. The money will be turned over to the treasury.

THE LOCAL MARKETS.

Prices Remaining Firm and the Situation Featureless.

The prices on butter and eggs ranged higher at the Barr street market this morning than at the stores, eggs in particular, which brought 26 and 28 cents a dozen. At the stores they are being quoted at 24 and 25. The market was not a large one, the country folk being busy in the field. There were stacks of vegetables on sale and any amount of strawberries. Indeed, it seemed to be a vegetable and berry market, but little else being on sale. The supply of butter and eggs was very light, which accounts for the prices asked.

Grain prices are remaining firm, wheat being $1.15 and other cereals at the quotations of the last week. Hay shows a reduction from prices of a few days ago, now selling at $13 to $17, but little is coming in, however. Wool has advanced a cent, the quotations now being from 25 to 35 cents a pound.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., June 11.—Wheat prices rushed upward today as a result of the bullish feature of the government crop report. September started at $1.06¾ to $1.07¼ and reached to $1.08⅜.

Afterward the market settled back still further on account of the slackness of cash demand. The close was weak with July at $1.05⅛, a net decline of a shade.

Corn rose a trifle with wheat. July opened at 73⅞c to 74c, touched .73⅝@73¾c and rallied to 74c.

Rumors that much corn in elevators here had become out of condition led subsequently to an upturn, but the effect wore off. Closing prices were weak at 73⅝c for July, a loss of ⅛@⅜c net.

Offerings of oats turned out to be less than expected in view of the government report. July started at 51⅛c to 51½c and held fairly well within these limits.

Provisions eased down a bit owing to unloading on the part of commission houses. Initial sales with September delivery were $19.20 for pork, $11.20 to $11.22½ for lard and $10.70 to $10.75 for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, June 11.—Further irregularity was indicated at the opening of today's stock market. The leading railway stocks as well as steel, Amalgamated Copper and American Sugar all showed fractional declines.

The few advances were confined largely to unimportant issues.

Extensive selling of stocks largely representing liquidation, was witnessed in the early session of today's market. Lehigh Valley and Reading declined 3 and 4 points respectively and there were losses of 1 to over 2 points elsewhere in the active list. Canadian Pacific declined over 3 points in connection with rumors that its recent advance would form part of an official inquiry. Bonds were steady.

The market closed heavy. More than half the losses in many of the active issues were recovered in the final hour. This was partly due to covering of short contracts, but the movement lost none of its hesitation.

ANNUAL GIVING OF FLOWERS.

Local Branch of W. C. T. U. Distributes Bouquets in City.

The annual distribution of flowers by the local organization of W. C. T. U. was held today, the home of Mrs. Thomas Boegli, 725 Columbia avenue, being headquarters for the flowers. The offering was very generous, flowers in abundance coming from all the florists of the city and from many individuals, besides nearly four hundred bouquets from Berne, some from Hoagland and Woodburn and thirty-five bouquets of dry flowers from Hermiston, Ore.

The members of the local branch of the society have been busy all day distributing the flowers to the jail, the three hospitals, the poor farm, the Salvation Army and to many personal friends of the organization. The official heads of departments of the city and people known to be shut in the most of the time also came in for a share of the gifts. The flowers were all fine ones and there was great variety, including iris, peonies, roses of all colors, snapdragon, geraniums, phlox and a variety of lilies.

This work of the Woman's Christian Temperance union has been going on in this city since 1883.

DEFENSE DID NOT QUESTION COONEY

(Continued from Page 1.)

later's visits to the home of George N. Lockwood the prospective juror for the alleged bribery of whom the Chicago attorney is on trial. The witness told of an automobile trip on Nov. 26, 1911, in company with Cooney when they went to surrounding towns, he said, to warn prospective jurors so they could avoid service. The direct examination of Fitzpatrick was concluded within ten minutes and Chief Counsel Rogers of the defense, took the witness for cross examination. Only a few questions concerning Fitzpatrick's relations with Franklin were asked before the witness was excused.

SHAW FOUND GUILTY.

Boston Man Convicted of Theft of $19,000 From Shoe Concerns.

Boston, Mass., June 11.—Arthur W. Shaw was found guilty of the larceny of about $19,000 from two Maine shoe manufacturing firms by a jury in the superior court today. A verdict of guilty of receiving the money was returned against Mrs. Georgia M. Stuart, of this city. Sentence will be pronounced later.

Shaw was president and treasurer of the A. W. Shaw Boot and Shoe corporation of Boston and Freeport, Maine, and was also connected with the Cumberland Boot and Shoe company of Freeport. Last winter he disappeared and receivers were appointed for the Shaw corporation. He was arrested in Los Angeles, Cal.

AS STAUNCHLY MADE AS ITS NAME IMPLIES

This Rustic Hickory Furniture

The most artistic, comfortable and durable furniture for porches, lawns and general summer use.

Many elegant country homes, fashionable resorts, spacious city lawns, bungalows, etc., are being furnished entirely with RUSTIC HICKORY.

It appeals strongly to the taste, and has been purchased liberally by those who have no thought for expense, but we are selling it so reasonably as to place it within the reach of those who must consider price.

The peculiar attractiveness of the wood with the satural color and beauty preserved, unspoiled by paint or varnish, bent into shapely angles and graceful curves make it particularly inviting and always in harmony with its surroundings.

Complete catalogue showing over 100 designs sent upon request.

BURIED BENEATH A FOOT OF ASHES

Alaskan Villages Suffer from Eruption of Volcanoes.

VESSELS GIVE AID

Kodiak, Alaska, June 9.—(Via Tug to Seward, June 11.)—Kodiak and Woody island villages are buried under a foot of ashes as a result of the eruption of Katmai volcano, beginning Thursday afternoon and lasting forty-eight hours. No lives have been lost here, but many other settlements near the volcano have suffered indescribably.

The revenue cutter Manning was in port here when the eruption began and furnished refuge for all the inhabitants of the town, 500 men, women and children, doubtless saving many lives. The Manning is now serving distilled water and government rations to the destitute people, the water supply having been polluted and springs filled with ashes. Food supplies are not sufficient to last more than two weeks and all crops have been destroyed. The people have appealed to congress for help.

LIKE HEAVY CANNONADING.

Fairbanks, Alaska, June 11.—Persons arriving from the south bring reports of heavy cannonading in the foothills of the Alaska range and it is supposed the volcanoes are in action. The sounds came from the vicinity of Mount Hayes. Ashes are falling here and the sun is obscured.

STRIKE TIES UP LINER.

Harve, France, June 11.—The sailing of the French liner France has been definitely abandoned, owing to the seamen's strike.

Theophile Delcasse, minister of marine, after a conference with his colleagues in the ministry, informed the French line that the government was ready to supply seamen to man the vessel. However, as the gathering of these men from the various French ports will require several days, their arrival here will be too late to permit the France to carry out her scheduled trip. Many of the passengers who had booked on the France have decided to proceed to Cherbourg and take the Majestic or the Kaiser Wilhelm II.

REPORTS CANAL BILL.

Senate Committee Favorable to House Measure.

Washington, June 11.—The senate committee on inter-oceanic canals today favorably reported the house bill to open, protect and operate the Panama canal and to govern the canal zone. The bill retains the house provision exempting coast wise vessels from canal tolls and embodies an amendment strictly regulating railroad-owned vessels.

TO SUCCEED HARRY S. NEW.

Chicago, June 11.—The outcome of the Indiana contests means that James P. Goodrich, Winchester, former chairman of the state committee, will be elected national committeeman to succeed Harry S. New, who is retiring. Goodrich will have 20 votes.

NASHVILLE LANDS JACKIES.

Santiago, Cuba, June 11.—The United States gunboat Nashville landed today at Mayari, about five miles south of Nipe Bay, a detachment of 65 bluejackets with a mountain gun for protection of the Woodfred mines. The sailors will later be replaced by marines.

The I. O. O. F. lodge of Huntington has engaged four special cars of the Fort Wayne & Northern Indiana Traction company for next Sunday, at which time the lodge will hold its annual memorial services at Mt. Hope cemetery.
